A Report On A Soul Winning Campaign 2008

E.K. Duraraj, White Fields Evangelist in India reports:

Greetings and wishes in the matchless name of our Lord and Savior Jesus Christ, I am very much happy to update you all the progress of Lord's work.

Soul winning Campaign meeting was held in a big ground with fine arrangements, many un-reached and denominational people gathered from 20 villages. In the end of the message we have given an invitation to the unsaved people. 18 people have come forward and confessed that Jesus Christ is the Son of God and He is the only savior to forgive my sin and take me into heaven.

When we explained about the importance of the baptism, 18 people obeyed and took baptism.

In the end of the meeting we have provided a good lunch and sent them with prayer. Thank you for your prayers and support for the noble work in India.

We have preached several villages and churches and encouraged them by the word of God and make them strong in faith. We have distributed the Bibles to the new converts. Many young ladies shown much interest learn the word of God.

We have conducted one day Preacher's Seminar, denominational preachers and ladies also attended the meeting. Myself, Nathaniel and Russell preached the word of God. Two ladies and also one denominational preacher obeyed in baptism.

We are very thankful to Russell who supported financially and preached the Gospel each and every place to encourage the people through the word of God and brought many souls for Christ. We also thank you all for your constant prayers for success of the Soul Winning Campaign 2008.

Yours in His Service, E.k.

How Can I Help?

"I am giving all I can give"

"My Church is giving all it can give"

"I see the need but how can I help?"

If the thoughts above are your thoughts we dare you to read this TRUE STORY!!!!!!!!!!

In Sevierville, Tennessee there lives a Christian man who serves as an Elder in the Smoky Mountain Christian Church. His name is Kirk Chandler. Kirk traveled with Reggie Thomas on several trips and helped to build church buildings and an orphan's home. Last August Kirk made another trip to Haiti with Reggie and he saw the pitiful conditions of starvation that are now plaguing the nation of Haiti. Kirk was especially touched by the plight of the orphan children of Haiti who are helpless to help themselves.

Upon returning home Kirk prayed asking God to help him to do something to help the orphans. Kirk understood that the orphanage director needs more money so that he can pay the much higher prices that is now demanded for food in Haiti. Kirk was already tithing to his church and giving all he could give to missions. After much prayer Kirk was asked by a friend and business colleague to do some outside consulting work. This friend, being aware of Kirks trips to Haiti and the need of the orphans, offered to donate an amount equal to Kirk's compensation to help feed the orphans at the JESUS LOVES ME HOME in Haiti. Without any earthly prompting this friend then offered to double the amount going to the need in Haiti.

Kirk then invited Reggie and Esther Thomas to visit Smoky Mountain Christian church and preach and tell the story of the Jesus Loves Me Home. On the same trip Kirk arranged a dinner meeting in which Reggie and Esther were able to meet his friend and other interested and potential givers. Reggie and Esther made the trip and conducted the Church services and also met personally with the individuals and presented photos of the orphan children and explained fully the present horrible conditions in Haiti.

As a result the JESUS LOVES ME HOME is now receiving several hundred more dollars each month and is better able to purchase food and take care of the orphans in Haiti. ONE MAN MADE THE DIFFERENCE!!!!!!!!!!!!!!

HERE'S HOW YOU CAN HELP

White Fields sponsors 7 orphanages throughout the world. White Fields also sponsors Preachers of the Gospel overseas. Did you know that there are many fully prepared, qualified, Bible College graduates, in Haiti, India, Cuba, and the Philippines who have no support? If you wanted to do so you could support one of these Preachers for \$25.00 per month.

Use Kirk's example and let it inspire you to tell your employer, and your fellow workers, and neighbors about the great need overseas. If you would be willing to work a few extra hours each month and give that income to either feed orphans or support a Preacher, contact us at White Fields and we will explain the program to you. If you are willing and would tell your story to your acquaintances perhaps God could double or triple your gift just as he did Kirk's gift.

What About Ukraine ?

This morning my emotions surged within me once again as I read Jim Lyon's brief description of Ukraine .

"In Ukraine , you will visit remote villages sprinkled across some of the world's richest agricultural landscape, ablaze with flowers and steeped in history. You will be introduced to a people who have suffered much over time—subjected to pogroms and purges, forced collectivization of farmlands, deportations to Siberia, death by starvation, the horrors of World War II, Nazi invasions, Stalinist death camps, Communist persecutions and dead-end economic policies, Chernobyl, and more—and yet a people bright with faith in God and their future.

"You will visit the two-room farmhouse of a young village pastor who, before his conversion, supplied his whole community with homemade moonshine—until he counted the cost of alcohol abuse in his town. You'll meet another village pastor who is the father of five daughters and has also adopted four more children and is building an orphanage next to his small farmhouse to take in ten besides. There are estimated to be 250,000 orphans in Ukraine .

"You'll meet another village pastor who once was a Soviet prison guard who never cried; since meeting Jesus, he weeps easily. When asked why, he explained: 'The Lord has taken my heart of stone and turned it into one of love.'" ~ from CBH ViewPoint, July/August 2008

Ukraine has not only faced huge problems in the past, but still faces many giants today, including corruption in high places, bribes, political strife, drug and alcohol abuse, tuberculosis and other dangerous diseases, poverty, and escalating inflation. However, we can continually thank God for the freedom to worship God and share His Word. I have personally met so many whose "hearts of stone have been transformed into hearts of love". They are my co-workers, my brothers and sisters in Christ, and I love them. We are so privileged to be able to play a role in God's unfolding plan for Ukraine , other former Soviet Union nations, and America . As our prayer partners and through your financial support, you are also involved in a vital role in God's drama. We thank God for you over and over. Often when I see the amazing ways God works things out, I remember that many people are praying for us.

Correspondence from Georges Carillet

Georges Carillet is the director of Commonwealth International University , which has two branches, one to train translators and one to train Christian workers. He is also the founder of the outreach to the "tribes of intellectuals in the former Soviet Union

First, I want to share with you something Georges wrote to me on the inside of his book, TRUTH AND CONSEQUENCES: *"Brother Rick, Thank you for your faithful partnership in the gospel. God is glorified wherever you serve! Thank you for your ministry in Ukraine and your support of various ministries, including TMI/ CIU's in Crimea and beyond. May the seeds you sow and the growth you water result in transformed lives, and may the ripples of your ministry continue to lap on the shores of many lives!"*

Next, I want to share with you his response to our June prayer letter:

"I am always amazed at your energy, Rick, and all that you do during your European missionary trips. God bless you with continued energy and the wisdom to use it well. Thanks so much for the gift for CIU! Boy, did we need that! Blessings, Georges"

Typhoon Does Great Damage

Our lady neighbor cooked their lunch at the roof waiting for the water to subside.

WHITE FIELDS EVANGELIST JUANITO MAGBANUA IN THE PHILIPPINES

When Typhoon Frank hit our place that caused a lot of damage both lives and properties. Hundreds of lives died being drowned and hundreds were missing and thousands of families in Iloilo and Panay island were homeless and suffered from flash floods.

After the typhoon mud everywhere was the worst scenario because it is hard to move and clean those things that were buried with 2 feet thick of mud with out water available in the faucet because the main source of water line was destroyed . Furthermore many people were ill both diarrhea, cough and

colds, titatus and leptospiroses, skin disorders and infections. A lot of diseases spread out everywhere because of dead animals, pets and people who were drowned. Water for drinking were not available.

Thousands of cars, trucks and other vehicles were also damaged and destroyed due to water. Flash flood reach as high as 15 feet. Nobody was spared and many people were not able to prepare for it. The water flood in our church at Taft North was also 15 feet high and all musical instruments, bibles, shelves, kinder school books and documents were all wet and damaged and church fixtures and 8 electric fans were all destroyed full of mud.

In our house the water flood is as high as 12 feet and we stayed on the rooftop one day and one night and one day longing for some one to rescue us but it seems everyone need also to be rescued. We were not able to eat our dinner, breakfast and lunch until the water subsided. Three days after, we received some bottle of water safe for drinking and biscuits to survive given to us by our brothers from Bacolod. Everything in the house were damaged an they are no longer in use. As I have said almost every house was having the same experiences. People were having trauma every time there is heavy rain thinking that it might have flash flood again. Again, thanks God we are alive and still serving our Lord.

In the midst of this tragedy, God sent His help through His loving and caring Christian people like you .

Thanks God he used you to assist and help us provide our needs. Thank you for your financial assistance and prayers. Also thanks God for using us to facilitate your funds you have shared to our victim brethren by distributing relief goods, medical an other needs. There are hundred of Christian families received you help. We also shared some to the non Christians who were also affected by typhoon Frank by having free medical (consultation and medicines for free) and relief operation for more that a week. These are the following places and churches who were beneficiaries of the funds you have extended to us:

In Christian Love, Juanito and Nenette

We are on the stairs gathering some of our things and these are only we have saved from flood.

Anna Enoch Orphanage

Many happy greetings come to you in the name of our Lord and Savior Jesus Christ.

We thank you again for the monthly support that you sent to us and our children here in Liberia. We thank our Donors through your offices for onward transmission and pray that the Lord will open more doors to them as they are a great help to our children who are in difficult conditions here. School is about to open now as registration is on. School will begin on September one. We have not received the

Certificate to operate the school yet due to the shortage of the amount in the Bank for the School as we tried to open the account with a little amount just to have it opened. The Bank will take 5.00 every month a pay or keeping the money since it is a checking account.

We are going to have three of our children on BWI Training school this year. We are having two of our children graduating on Saturday the 30th of August. We presently have one in 12th grade, two in 11th grade, two in 10th grade, five in 9th grade, five in 8th grade, four in 7th grade, and the rest are still in the Elementary Division. We thank God that all of our children passed except one who failed in the fourth grade, We pray that he will do well this year.

We still need prayer for the Computer building which is under construction and a class that is needed to be added to the Annex for the 9th graders. The work on the Computer building is at a stand still because the funds have finished since I informed you. Please pray with us.

We need prayers for more chairs for the school as the number is expected to increase due to the increase in grade level. Attached is the Monthly report for July 08. God bless you again and have a nice day.

Kindest regards,
