

Wishing You A Merry Christmas

May your heart be lifted in praise this Christmas for the wonderful gift of Jesus and the joy He brings to our lives. Have a wonderful Christmas and a blessed New Year.

May the peace and hope of Christ's birth be with you now and in the days ahead...

Immersion in 2014

We praise God that during this year 2014 there have been 3,547 souls who have accepted Jesus as Savior and Lord and obeyed Him in Christian baptism. White Fields Overseas Evangelism is associated with 439 native evangelists worldwide. These evangelists are all looking to White Fields for support. At the present time we are only able to support 129 of these Native Evangelists. We need more supporters. It is a great thrill to report to you that these native evangelists have written to us that during January - November they along with our American Evangelists have baptized 3,547 souls. Thank the Lord!!!

A Report From Cuba 17 Precious Souls Won To Christ

Micah Thomas, is the Grandson of Reggie and Esther. His parents are Tracy and Janie Thomas who serve the Fairmount Christian Church of Mechanicsville, Virginia. Micah has previously traveled with his Grandfather Reggie and Grandmother Esther and served admirably in Haiti .

Micah and Reggie have been in Cuba during November preaching evangelistic meetings. This has never happened before in Cuba as there has been a prohibition against evangelism and preaching the Gospel since the Communist take-over of Cuba in 1959. While Reggie and many others have been traveling to Cuba in recent years they have always been restricted to meeting "secretly" in the houses of Christian people. But no street evangelism, or house to house visitation, or open Evangelistic meetings have been permitted.

I now want to report to you how God answered your prayers.

We had a blessed trip from start to finish. I will try and recount a few of the blessings:

1. I had arranged to rent a car in Cuba that I would drive all over the island. We were scheduled to travel about 600 miles on Cuban roads and city streets in making this evangelistic trip. Upon arrival we discovered there was no car available. So many tourists were there that all cars were rented. We were forced to take a private car and driver that cost \$120 per day!!!!!! ouch!!!!!!!!!!!!!! But Micah pointed out to me that God answered his prayer. He had read on the internet that foreign drivers who are involved in accidents in Cuba are jailed and that if someone dies in an accident it is considered a homicide and the driver goes to prison!!!!!!! Thank you God that you helped me not to drive in Cuba .

A Report From Cuba

17 Precious Souls Won To Christ

2. We traveled to 10 different areas of Cuba and preached 10 evangelistic rallies. The Christian Church preachers of each area gathered in unity with their members and unsaved sinners and so in this way we were able to visit all the Christian churches in Cuba in this one trip.

3. Never before had we attempted to preach evangelistic meetings in Cuba as it was against the law. But we ran the risk this time and the Cuban authorities were be kind and did not obstruct us in any way. We were free and souls were free to accept Christ and obey in baptism.

4. We had one of the ARM portable baptisteries with us and so were able to baptize the converts immediately.

5. We found that the authorities have changed many of the former restrictive laws and people are now able to 'own their private homes, and automobiles, and are permitted to have private businesses and most important they are now able to build their own church buildings. We met in two church buildings built that members of the Christian Churches .

6. Just now my Grandson Micah and I arrived safely home .God protected us all the way. We were able to visit all Christian Churches in Cuba that are sponsored by White Fields. We had a great and wonderful fellowship.

We praise God for 17 precious souls who accepted Jesus as Savior and were baptized and saved. Mark 16:16 Acts 2:38 Acts 22:16. The meetings were just wonderful.

THANK YOU FOR PRAYING. GOD DID INDEED ANSWER YOUR PRAYERS. Now please continue in prayer for the nation of Cuba , for the Christian Churches of Cuba , and for the new converts to be faithful to Jesus.

News From Around The World

EBOLA IS NOT STOPPING THE WORK IN LIBERIA, AFRICA

We write to thank you all for the support that you are giving to us here as a church. We are always grateful to god for all our Sponsors. Please remember to pray for our church land that is near us here where we serve. At this time for people to get lands in that area because they are now dividing their Clubs. they will be getting more money. It is now time to compete in buying. We pray to hear from you. The porch on which we serve presently has become too small for us as you will see in the attendance. We cannot fit there anymore. Some people have to stand while service is going on . Below is our monthly report for the month.

Date	Attendance	Baptized
10/5/14	144	3
10/12/14	148	5
10/19/14	171	2
10/26/14	145	1

Thanks again and God bless you in Jesus name. Kindest regards,
Respectfully submitted by: Bro. Jonathan S. Wilson, Pastor Charity Church, Wuo's town

PERSECUTION IN INDIA—PRAY FOR THIS FAMILY

I am sorry to inform you that one of our newly Baptized family have lost their house by the fire set by the villagers. There are no Christians in that village except for this family. After the family obeyed in Christ and took baptism in the month of March 13th 2013, the village people started to oppose the family and tortured and troubled them very much each day trying to force them to come back to Hinduism. Every year the village people celebrate Hindu festival of their local god by collecting money from all the families to meet the expense. The Village leaders approached them and asked them to give their portion of money for the Hindu festival. They refused to give money for the Idol festival, so all the villagers were enraged.

In the day time after the girls left for school and Father and Mother went to field work , the villagers set fire to their hut and all their belongings were burnt and destroyed... Brother G.Ezekiel Amulraj informed us, we went and saw the house which was burnt down and prayed with them and comforted them in the Lord. Ezekiel already given complaint to the Police and they came to the spot and inquired with some one and left. So far they have not found the guilty. We collected some cloths, money and vessels etc and given them for temporary relief.We arranged them to stay in our church members house. They are thanking God for this has not happened in the night time, if so they might have lost their life. One Christian family from nearby village has offered a piece of land to construct a house for them to live among the Christian families. Please pray for the needs to construct a small house.

Brothers and Sisters, this is my sole responsibility to ask you each of you to kindly pray for this family who is under great sorrow . we are doing our level best to console and comfort them in Christ and also pray for us who we are carrying the Gospel to these areas. Yours in His Service, EK and Joys

News From Around The World

A NEW CONGREGATION ESTABLISHED IN CUBA

We are praising God for the Lord's Day service meeting of the new Christian Church in Guanabacoa, with the new members who are attending every Sunday. The average attendance is 7-10 persons. According to the information that the Preacher, Antonio, gave us, the congregation was started with Antonio and one other member of our congregation that lives there. This place is some distance from us and the transportation is difficult, we agreed to start a new congregation there.

This gives the opportunity to receive more people that live near and need to receive Christ and attend church. Thanks to God. It's working good with 3 people baptized here and 2 more there.

There are some new people that want to be baptized and they are looking for a new room with more space, because the living room where they are meeting is becoming too small with more people coming. The Sunday before last the place was overfilled with the attendance. Some people had to remain outside the house, in the entrance door and on the steps. Antonio visited us yesterday and participated in our prayer meeting we have every Thursday afternoon.

With our love, ROLANDO

CALITUBAN ISLAND CHURCH REPORT FROM PHILIPPINES

To God be the glory, I thank God that our prayer retreat in Calituban Church was successful. We have two visitors during our prayer retreat. I discussed to all Church Members how to handle bible study and share the gospel and they are very happy that they now know how to handle the bible study.. They are very much interested to know and study the bible and to share to other people in the island. They are our visitors during our prayer retreat. They are willing to listen and open their mind to accept our Lord Jesus Christ as their savior. Praise God... love, Roy and Cheery

A GOOD REPORT FROM SETH EFFA IN GHANA, AFRICA

We are thankful to God for choosing you to be our helper. May the Heavenly Father continue to bless and protect you always till the end of this troublesome world. It is our prayer that your children also will be blessed and lack nothing, one day we will see our Savior coming with full glory if we continue to do what our master says .

There is always a call to proclaim the good news to people who dont know Jesus .There is always a changed life because the Holy Spirit is in us preparing us to become better. Lastly there is always a fear because our God is the unchangeable God , He is the supreme commander of all things.May His name be praised forever AMEN.

The Churches are fine in the Lord .Two souls were baptized at Odumase and three souls also were baptized at Konongo. The new Church we started is o.k. but the School authorities have given us 2 mths to fine another place to worship , or we should pay 50 dollars for registration and pay 5 dollars every mth. Please, pray for us because this is the main reason we cannot open more Churches especially in big towns and cities .People in the village areas dont work . The people in cities and towns have work to do , Thanks, Seth&Mercy.

Christmas At The Jesus Loves Me Home

Lacey & I have our very favorite Christmas album. If we were to lose that cd, I'm not sure we could celebrate Christmas! It is the first Christmas album by the group Alabama. I know what you are thinking, but we love the songs and they mean so much to us! Most of the songs are their own songs and not traditional carols. We listen to them so much that at any given time we can burst into song and know it by heart.

One song in particular stands out to me as I think of Christmas at the Jesus Loves Me Home. The line: "...Not if they've ever seen a little girl with her arms wrapped around her baby doll..." They are talking about believing in the joys of Christmas and that feeling that a lot of us lose during the Christmas season. If you could personally be with us to see that magic and the happiness of these precious children! They do not really care what they received, they love the little trinkets. More importantly they know they are loved, remembered and feel special because of YOU! You made it possible for them to feel this way.

If you can help us again this year, we are still collecting Christmas money for the Jesus Loves Me Home. Please clearly mark your check or in a note.

A Couple Ways To Help White Fields This Christmas Season...Or Anytime

We are now a part of the Amazon Smile program, when you buy "amazon smile" eligible items off of Amazon's website then .05% of the order would be donated to White Fields. You can sign up for this by visiting our website and clicking the amazon smile link. It is on the home page. I know I order off amazon, especially around Christmas, because of the free shipping and not having to fight the crowds at the mall.

You can also go to www.igive.com. Register and when you register put White Fields Overseas Evangelism as your ministry. Once you are registered igive will give you the instructions and you can look up all the stores who work with igive and see what percentage is donated to White Fields.

Please note: with either of these programs you and your purchases remain anonymous to us at White Fields. Also note: you do not have to pay anything extra, it is the companies themselves who are donating.

Are Our Schools Teaching The Religion Of Islam To Our Children? by Blythe & Becky Robinson

Ezekiel 3:17 speaks of a watchman to God's people and the responsibility of warning them when an enemy approaches. This article is written with this spirit in mind. The views expressed here are my own and not necessarily those of others.

Islam is the greatest opponent to Christianity in the world today. Just follow the news if you have doubts. There are also reasons to believe that our country is being changed from the top down. In a private meeting at a public school, I sat in on a meeting in which plans were being made to remove the older teachers with the historical views of "God and County" and replace them with new teachers with a more politically correct perspective. Both my wife and I have been school teachers. We know a little bit about how the system works. As a onetime School Superintendent I learned a lot in a hurry. What better way to spread Islam than to introduce its propaganda into our public schools and teach it to our children in grade school and beyond. We need to ask our schools what they are teaching our children about Islam and ask to see ALL the materials that they are using.

Nationalizing our educational system is happening now in Tennessee where there are almost weekly reports of students bringing home or reporting to their parents instances of Islamic/Muslim related assignments. When confronted, teachers, principals, superintendents and school board members stutter and stammer to explain themselves, ultimately denying such reports are true. At the end of last month Todd Starnes, a FOX/NEWS reporter, brought to light one particular instance which is still under investigation.¹ The "Trojan Horse" is disguised as a new nationwide educational program named "Common Core." There are reasons why we should be concerned about Common Core in our schools.

Local and national news media are buzzing about the pros and cons of implementing the Common Core standards in our schools. Some are approaching the issue systematically and with reason and others are ranting and raving about what effects Common Core is having on our children. The truth seems almost impossible to determine because of the politically correct process by which the standards were created and the ambiguous and often contradictory language used to explain Common Core. Meanwhile there has been a drastic change pushing the acceptance of different religions in our schools, particularly Islam and Sharia law.

Common Core was first introduced into the educational structure as a new system (designed on the German system of education) as indicated in a letter written by Marc Tucker to Hilary Clinton in 1992 (placed in the **Congressional Record** in 1998).² Tucker's plan would "change the mission of the schools **from** teaching children academic basics and knowledge **to** training them to serve the global economy in jobs **selected by workforce boards**."³ The goal was "to **train**" children in specific jobs to serve the workforce and the global economy instead of "to **educate**" them so they can make their own life choices. This sounds rather socialistic in intent. Therefore teaching children how to read, write, or calculate is not a primary goal any longer. Hidden agendas permeate the program, hidden agendas which we conservatives Christians are finding very troubling, including extensive **data mining** on our children from birth throughout their school years.

PRAY FOR BLYTHE AS HE IS IN PAKISTAN PREACHING RIGHT NOW

Are Our Schools Teaching The Religion Of Islam To Our Children? by Blythe & Becky Robinson

Revisionist history is prevalent in Common Core teaching resources. For instance the teaching about our founding fathers portrays them as evil men by the reinterpretation of their orthodox views on evidence, beliefs in God and Christ, motivations, and decision-making processes surrounding **historical** events. The religions of Christianity and Judaism may be only **briefly** mentioned, while **the study of Islam can be a lengthy unit of study, sometimes up to 4 weeks**. In one of our area schools a young child brought home a paper about the blessings of Islam - a peaceful religion and Mohammad a wonderful man. My previous articles on Islam shatter these myths and propaganda statements. When one child asked if they would be teaching Christianity at some time, they were told that this subject would not be included.

Common Core advocates deny these accusations, saying they do not write the curriculum, only the standards. To reach these standards wouldn't students require **resources** (readily provided by pro-Muslim and pro-Islamic groups) to study the content areas tested by the standards? Common Core says it does not determine what textbooks will be used in the schools, but their literature profusely presents sample lessons from textbooks produced by Pearson,⁴ a conglomerate publisher owned in part by several Middle Eastern countries as well as five members of Gaddafi's family in Libya. Other recommended resources also have strong connections with Islamic groups (such as CAIR and the Muslim Brotherhood).⁵

The bottom line is that we all need to know that basic Christian values and respect for our country's heritage are being compromised and threatened by those to whom we entrust our children in the public schools.

Do you know what is being taught in your schools? Is the Christian upbringing of your children and/or grandchildren being undermined by the government? I urge you to utilize the links provided at the end of this article to learn more about Common Core and to ask your fellow church members and friends what they know about this subject. We cannot let such atheistic and immoral issues like this one lie dormant and expect future generations to be assured of living in a world of high moral values and deep-rooted Christian principles. Pray for our children and our nation. PLEASE ACT NOW!

Blythe and Becky Robinson
