

Pray For Un-Reached North Korea

North Korea has been in the news a lot lately. Lori & I recently read an article about a photographer that was able to sneak pictures out of North Korea. The pictures really touched my heart. The people looked so lifeless and, of course, repressed. They need help and hope!

I really feel that North Korea will be a wide open door very soon for the Gospel. North Korea is an atheist state with about 25 million people living there. Most of the people have very little food, horrible healthcare, and their basic human rights are being violated. Please

pray for the people of North Korea and that the door will open soon for help to get to the people and most importantly for the Gospel to be told to them. Think about this, this is 25 million people who have never heard of Jesus, the Gospel, salvation, or HOPE.

North Korea opening up seems impossible! But Cuba seemed impossible too! People prayed for Cuba to open for years! We have now been working in Cuba for 21 years! Prayer works!

Immersion in 2017

We praise God that during this year 2017 there have been 3565 souls who have accepted Jesus as Savior and Lord and obeyed Him in Christian baptism. It is a great thrill to report to you that these native evangelists have written to us that during January-April. They along with our American Evangelists have baptized 3565 souls. Thank the Lord!!!

Praise God Great Soul Winning Crusade in Africa

White Fields supports a great soul winning preacher in Liberia, Africa. His name is Steven Enoch. He was a Baptist preacher in 1997 when Reggie first met him while preaching a crusade and teaching a Preacher's seminar in Monrovia. Steven was very strong on the doctrine of "Faith Only". Daily in the seminars he argued with Reggie and disrupted the class trying to present the false doctrines of salvation by "faith only" and "eternal security"..

After two years Steven finally left the Baptist church and gave up the false doctrines he had preached and accepted the TRUTHS OF THE BIBLE and became a believer in the undenominational Church of Christ. Since then Steven has been one of our greatest evangelists in Liberia. Here is his latest report:

Mar 27, 2017

"We write to praise the Lord for His deliverance from death on our way to Nimba County for our usual rounds of Crusades that we have every year to plant new churches. It took us six days to travel a five hours drive from Monday to Saturday 9:45 P.M. The bus broke down and it was dark already, so we slept by the road that night.

On Thursday morning, I went to town again to get a clutch specialist who got another repair kit, but failed to do the work for lack of knowledge. We slept on the road again hoping to get another clutch specialist on Friday. I got one who completed the work by 5:30 P.M.. We took off again and within 2 minutes, the engine stopped because all the oil ran out because the oil filter was not put on rightly. We then sent for oil in town to Caldwell Junction to get the engine oil. We put it in and picked up again to go. Little did we know the mechanics did not tie the power steering belt which caused the water tank belt to cut wasting the water from the tank.

Praise God

Great Soul Winning Crusade in Africa

We did not go far until we heard the tank sounding like a flat tire. When we got down, it was the tank that was dry. We did not know the cause until we bought a new water tank in Kakata. As the Mechanics worked they discovered that the power steering belt not tied and the wheel tore the tube for the water. We put water in the every five minutes drive until we got to Kakata where I bought the used water tank. The tube was patched by 11:30 P.M. We picked up again to go when the tube was forced apart the water not far from Kakata.

We were forced again to sleep on the road by spreading a comforter on a rocky field where we slept until Saturday morning. We walked a long distance to get a new tube and a Mechanics who came and replaced it. We left to go by 12:15 P. M. We did not go far when the tube moved from there again. The bus began to over heat so much that we called the Mechanic who sent his assistant who retied it and warned us to put cold water in the tank every time we feel heat in the bus. So we did as we moved along the way. Three times the boiling water forced tank's top off making boiling water to splash all over the car. We jumped out of the car and put in new water. We put water in the

car until we reached in Ganta by 9:45 P.M.

It was the Devil's trick to stop us from going to preach the good news of Jesus Christ to the lost people of Nimba County. We were being told by our members who called to know where we were along the way because we have been on the road for a long time. By the grace of God, we started our visits to our churches in Walla, Sewee and Tunukpuee where we have not have a Crusade before.

To God be the glory.. In Walla, we baptized 71 souls into Christ. Many possessed people were delivered from Boa Constructor, leopard, and other animals. We spent two nights there. We are presently in Sewee where we baptized 91 people into Christ. Many people were delivered again from many kinds of animals. We prayed until 1:45 A. M. We are expecting to baptize more tonight.

We went to Sewee where we spent two nights and baptized 137 persons. Many people were delivered from dwarf, leopards, boa constructors and evil spirits. Picture will be there for you to see.

We went to Tunukpuee where we spent one night and baptized 125 persons. It would have been more but it rained when I was showing a movie on the second coming of Jesus Christ. We were forced to go to the town hall which could not take the more than 500 people that attended. Many people were delivered from the spirits of witchcraft and different kinds of animals. We concluded the service by 3:00 A.M. We did not spend two days there because the bus had a problem which caused us to spend the night and half of the day repairing it. Because of these problems we did not get back to Monrovia until 2 a..m. The Devil attacked us in every way, but the Lord worked His miracle in saving 424 people from sin and the powers of darkness.. STEVEN ENOCH

Around The World With White Fields Evangelists

Elena reports from Bulgaria---

Elena is White Fields orphanage servant in Bulgaria. She and her husband, Georgi, also serve as evangelistic members of the church. Here is her latest heart-shocking report---

"We have so many talking about what is happening here and what can change.? We are just in shock about what is happening here. The Mafia find ways to steal the money coming from EU projects. They use fake documents. The Mafia forced the Catholic priest to set fire the church building. The sadness is that people give up, They are very afraid.

People ask me to write and talk and tell Christians to pray for Bulgaria.. Just now I received a note from friend who asked me to write a book. She told me that many people read on facebook what I am writing and sharing, and discuss it at home because they are afraid to do so publicly. So I wrote how the Mafia is winning in Bulgaria with their lies, death threats, and persecution against the people of Bulgaria.

.The citizens of Bulgaria now face 30 % higher gas and electric bills. This means financial ruin and bankruptcy for many.. So the intelligent people leave the country and only the poorest ones remain. Also it is sad that in our church we lost 2 people, they die. They are with the Lord. But because there are so few Christians the church services are almost empty..

Thank you for support and prayers and encouragement as we know we are not alone in this battle."

In Christ, Elena, your daughter

WHITE FIELDS EVANGELISTS RAY AND CHEERY FROM PHILIPPINES

Rey and I have been in Calituban, and we thank God that we arrived safely, even despite a typhoon, big waves and heavy rain when we were travelling. We will continue to teach the new converts and also work with the young men who are eager to study the training manual on evangelism.

Around The World With White Fields Evangelists

April report Haiti---White Fields Evangelist **Jean-Ronel Joseph** reports that the newly established First Christian Church in Pignon is maintaining attendances in the 30's each Lord's Day. This new church is meeting under a gazebo in the yard of one of the church members. The new children's home MARK'S HOUSE is doing very well. All the children are well and happy. Edwin Thomas will be bringing his World Mission Builders team July 10 to build both the church and children's home buildings. If you want to be a part of this building team you need to contact Ed at once. Ed's number 620-210-0350

From India White Fields Evangelist E.K. Duraji reports-----

Chengal Pattu Training went well. This year we conducted teachers training at 3 places .Regular VBS will be began from May 21 st to June 3 rd (summer vacation will start from May 21 st and School and the College will re open from first week of June) this year our target is to meet 15,000 Children and their parents (we will invite the parents to attend the final day event to watch their sons and daughters dance, songs, memory verses and drama etc. during that time we will stop the program in the middle and preach the Gospel and again we continue the program)

Please pray for the VBS Children and their parents and for the weather. (even now the temperature 101 to 107 .F.) and for the needs. Every day we have to feed the children and give gift on the final day program.

With much prayers,

EK and Joys

White Fields Evangelist Ezra reports from India

Recently the congregation went as a group to a village for ministry. They went house to house and shared the gospel of the Lord Jesus

Christ and also distributed gospel literatures and prayed for the sick and comforted them. There were 12 people who came forward and accepted the Lord Jesus Christ and made the decision to take baptism. In one of the houses there was a woman who had been sick for many years and she asked for prayer. The team prayed for her before returning home. After one week the preacher and others visited the village again to follow up on the new converts. They also visited the woman and she shared that she had been feeling much better after the prayers and that she was ready to follow Jesus Christ. At that time she introduced her husband to the team. Her husband also accepted the Lord Jesus Christ and invited the team to come regularly every Sunday for ministry. Since that time the man requested to be able to start a Church for the new converts to meet

He asked the preacher what he needed for that to happen and immediately he offered his own land for a church building. Now every Sunday evening the Church is meeting in a house in that village. Please pray that many souls will be won for Christ. EZRA

White Fields Orphanage Ministries

Jesus Loves Me Home

Zane had a good time visiting with the children last month. Everyone is doing very good! There are several new children.

One of the new boys is Edmund. He has special needs. Unfortunately we are not equipped to work with all his needs. He will be moved to a special equipped orphanage as soon as a space opens up. Please pray for Edmund as he transitions from home to home.

Jetro has written to me with a special request. I told him I would publish ad see if there was anyone willing to help him! This is a BIG deal and I am proud of Jetro for taking the initiative to make his own money. Jetro has saved every dollar he could earn and started his own business. He is selling bottled drinks and snacks out of a little room downtown. This is something that is very popular. His request is help in buying a freezer and generator. This would increase his business. The cost for both is \$1,000.

Mark's House

Ronel and Nadine stay very busy taking care of 10 boys and overseeing the construction of the dorms, their house and the church building. Ronel teaches the boys to sing every day! He has devotions and reads to them too. One of the boys is recovering from malaria. Pray that he has complete healing.

Anna Enoch Orphanage

From Steven Enoch: We have connected our mission fence which was stopped by our bad neighbor. He finally agreed. We have prepared the small iron gate that we will put to the back. It will be put up when we return from the Crusade in Magill's Town in Clay Ashland. The kids' school had her 12th Anniversary and we called a church from Barbel which our students defeated them in quizzing, kick ball, Teachers soccer, and the boys' soccer game. It made the Community to rejoice with the kids. We praise the Lord for this great success. They need jerseys for the Teams. Please pray for the school. Please pray for all our children all over the world! Thank you for what to do to help them!

Nathan Jones Reporting 177 More Souls Won To Christ In India

Nathan is an Elder of the Christian Church and a Christian businessman in Tennessee. He first traveled with White Fields in 1993 and since then has made many evangelistic trips to India. This is a personal report written by Nathan concerning his trip this year.

"I visited my good friends in Ammambakkum, South India the first two weeks of January this year.

In 1993, Carlos Fields talked me into joining the White Fields team to assist in building a church building in Madras. When we arrived at the building site, we discovered that they already had a mason doing the work, and we would be depriving him of a job - plus the mortar was mixed with water that appeared to be dipped from a broken sewer main. At the hotel that night, Carlos said (and can sometime mimic the Barney Fife voice he used) "Nathan, I brought you half-way around the world to build a building, and we can't do it. Guess you're gonna have to preach!" Of course the first night on a rooftop in Madras and the response to my awkward and simple message had me hooked, and God provided the increase.

Our first night at the hotel, Carlos and Eddie Bailiff wanted to go back into the streets behind the hotel to see the Pongal revelers. John Samual and Robert Devadoss were terrified at the idea, and would not let us go unless they and Jake (world's best taxi driver) accompanied us. I got to know John and Robert that evening, that they were about my age, and a lasting friendship began. I have stayed with John now every trip since, and he has stayed with us at our house in Tennessee and both have dined with us. Sadly, this past year we lost Robert.

I was blessed on this trip to again enjoy the hospitality of John Samual and his family. I was also blessed with meeting with Ezra and his father, Premkumar and his wife Femina, Victor Duraswami, and Robert's widow and sons. In addition, I was privileged to be able to meet with and speak in churches and Bible studies ten times. Meetings in India must now be either in the church, a rented hall, or the home of a believer (Bible studies). The total of those accepting Christ in the meetings was 107!

Nathan Jones Reporting 177 More Souls Won To Christ In India

In 1993, Reggie told the team that the doors were wide open in India for the Gospel. We should make haste to do what we can, because they would not remain open. I feel that I just got my foot in the door this year. But God is in control in India! There are many young preachers trained and eager to continue spreading the Good News in their home country and beyond! John Samual's oldest son Santhosh was preparing for an evangelism trip to Malaysia as I left. John's youngest son Solomon has begun using his interest in native Indian dance to reach villages for the Kingdom of Christ. Robert's sons are carrying on his ministries around Tirupathi. Victor is evangelizing South of Chennai. Prem has established a ministry near Tiruvvlur. Beulah Church of Christ in Chennai is continuing to grow and send out workers. I was VERY encouraged!

Orphanages: The Indian government has made operation of orphanages by our churches almost impossible. They have done it the same way the USA government shuts things down that are not popular with the people in power - they regulated them out of operation. What John Samual has been able to do is to take the young orphan boys and place them with village ministers as foster children. The older boys in High School are using the orphanage compound as a boarding home so that they can complete their education at the good nearby schools. So, orphan support funds are being used to support orphans, but no longer to run the orphanage. This may actually be a more efficient use of the funds, but they must continue to be provided.

The preachers there are so humble and deserving of our best efforts to support them. I promised Santhosh that I will try to assemble a team of young men that can go to India when the doors reopen. I pray that the Lord of the harvest permits me to fulfill that promise.

One thing that I will use to gain interest is this story: In 2002, Larry Woods and I roomed together in Ammambakkum. Near the end of the trip, I was taken to speak in a nearby church (Sunday evening, I believe). After the service a young couple brought their infant son to me and asked "please give our son a Christian name." I named him Paul, and prayed for him and his parents. On this year's trip, I was again in that village at a home Bible study. After the study, John brought a young man up to me who said "My name is Paul - you named me." In his hand was a photo of me praying over him in 2002. The 15 year-old Paul is a strong member of Santhosh's youth group. Pray for God's work in India. Nathan Jones
