Immersion in 2018
We praise God that during this year 2018 there have been 1290 souls who have accepted Jesus as Savior and Lord and obeyed Him in Christian baptism. It is a great thrill to report to you that these native evangelists have written to us that during January—March. They along with our American Evangelists have baptized 1290 souls. Thank the Lord!!!

842 Souls Baptized Into Christ In India
By Rich McQuinn

I have heard many reports coming out of India. Reports of the government cracking down on Christian preachers who come to India to preach the Gospel. Reports of Nationalist Hindus capturing our Christian preachers, beating them, setting them on fire and leaving them in the town square for all to see. Reports of young girls being set on fire because of their Christian morals and beliefs. It is the Holy Spirits job to bust down the doors of oppression, bondage, and unsilenced those who are scared to preach the Gospel of Christ. I hear these reports and at the same time I have reports from Chennai, and Rajahmundry who are crying for preachers to come and preach. My calling is to preach and let the Holy Spirit take care of the rest.

This year I had a little slow down in leaving the United States. It was one year ago that age 73 I underwent open heart surgery for a triple bypass. Sandy, my wife was having some medical issues in January and I could not leave until I knew she was in good health. I went with her to her doctors appointment and went through a list of items and then said to the Doctor that I could not leave the United States with her not in perfect health. He laughed at me and told me to she was in great hands health wise and for me not to worry. The next day I made the reservations to head to India. I was not going to worry or fret what was going on in India except preparations for a great evangelistic endeavor.

With a Hindu President and an attitude to chase all evangelistic churches, preachers, schools, we made it a real concern to be safe, stay safe, and have lots of prayer being offered on behalf of this 9th trip. Each time I go, I start early in the preparations. There are several native preachers who want me or someone like me to come to their aid in a section of India.

As an Evangelist, I know that I have to raise the money it takes to go, transportation, lodging for 3 weeks, meals for everyone, stipend salary for the Pastors, 700 Bibles in their own language, buying clothes for ladies, men, children, helping with the 3 orphanages, and many of the incidental expenses

I figure if God wants me to go He will make the way clear. I have been fortunate these 9 times to have Gods hand on me for protection and making the way smooth and paid for even before I leave. Amen

Two Locations

This year I went to two locations---Rajahmundry, a city on the coast line and Chennai—also known as Madras. Suman Singh and Isaac Dhaz spear head our ground evangelism coverage. I correspond months in advance to make sure the dates, supplies, needed gifts, budgets are being planned. I pray with them and their families and I ask the same for my family. I always promote the New Testament plan of salvation and stress the need to follow those guidelines. I do not want to be thousands of miles away and have a problem with the dialog of How to become a Christian, etc I tell them that when I come, I do not come for a vacation I come to win souls for Christ and to help them build not only their church but the new ones we will start together. I have never ever had a problem with that. The wisdom of the Holy Spirit prevails without any difficulty. I tell them that I

can rest back in my Indiana home when I return. We schedule 4 to 5 preaching times per day and move on to the next village.

News From Around The World

Steven Enoch– Liberia, Africa

I was invited to preach a revival in Live in Christ Christian Ministry where I preached and gave invitation and some people came up for baptism, but they did not do instant baptism. I then asked them if I could bring my pool and baptize them, and they agreed. So the next day, I carried my pool and we baptized 25 persons including Liberia's chief wizard called Mr. Innocent who performs all kinds of magical arts. He gave his testimony and told most of the things that he did that were evil. He now goes from church to church giving his testimony of the goodness of Jesus Christ. He served Satan for 27 years. He needs prayer and help to sustain his family since he is not performing his magic any longer to survive.

We lost a member yesterday and we buried her today. She has two of three of her children in the church and one of them is a Deacon.

This week is the Gala week for our school. The kids are playing their games today and they will play soccer with a school from Gardnersville. The Teachers are increasing and we need prayer as they demand more pay or go to different school. We know that the Lord will make a way for the kids to be educated. We are always grateful to God for you because you have been our Sponsors for many years. God will surely reward you all by His own power. Thanks again and God bless you.

Kindest regards,
Steven S. Enoch

Elena Yordanova– Hope For Bulgaria

We have had a hard last month. First so much snow, now water and now it's flooding all around us.

Second, I like so much helping children in the school. But day by day I start to be so busy with them. The don't have parents, no one wants to work with them as most smell not so good and very rough - but no body explains to them what is good and what is bad. So now I have 75 children + mine. They call me non-stop - when they are sick, hurt, need advise. I spend few nights in the hospital with them because they don't have anyone who takes care of them and they had very strong viruses. But this is a way to share God's love and be close to them and share the Gospel.

Please pray for me God to give me patience and wisdom as these children are soooo hard. Please pray for Georgy. Next year we will have election again and the mafia pressure people who work honest and pure. Some lose their job these days. Now Georgy has to face this.

Have a blessed day! Love, Elena

Report of the Christian Church in Guanabacoa, Havana

God bless you very much is my wish. First of all I would like to thank you for your prayers and concerns for our church, all the effort and concern of the brothers and sisters who always keep us in mind. Also special pleasure to our collaborators. Thank you all and above all

to Our Lord Jesus Christ. It is a lot of work for God, but our Christian Church in Guanabacoa "Peace on earth" in just 3 years of starting, we have already exceed 30 members and we are growing in faith and work for our Lord, with many activities and services of worship. Parallel to this work also continues a systematic work of evangelism, baptisms, weddings and other activities apart from the work of the church and in just one year we have congregations in our new Christian Missions, something that we in Cuba call Cult Houses. {Cultural Houses}

Here I send you some photos and a video sample of our Christmas activities, representations of the birth of Christ and other special moments.

God bless you much more with power and glory. Be praying for our growth and the Lord will supply everything necessary to continue his work. Thank you.

Antonio Martín Quintana
Pastor and Preacher of the Christian Church of Guanabacoa and the Christian Missions Havana.

When I enter a village, since I am in 100 per cent Hindu nation I look for the village idols. I sing out loud the song of Amen, Amen, Amen. The crowd can hear my voice and see my smile and know that I **am not there to hurt them but to love them and to tell them the Good News that Jesus has bought them a real nice place in Heaven!** I see the idols and usually stand beside one or more to preach about Jesus and that I have come to bring eternal life after death salvation and an opportunity to go to Heaven. I begin with thankfulness for inviting me to come to their village. I motion to their man made god who watches over the village. I explain that it is man-made and I show them how to build an idol. I have already seen 3 rocks on the ground and I go over to gather them and build an idol right in front of them. This idol can not bring you rain, sun, clouds, clothes, food, water, blessings, etc. If I am big and strong enough to build this god then I must be equally big and strong enough to tear it apart. I do that in front of them. I say let me tell you about the God I serve who made ME.....I offer sins forgiven in Christ, baptism to wash away sins, a man of God to lead them and comfort them, a place to worship, sometimes clothes and food.

TEARS

In the work of missions there are many joyous tears and many tears of sorrow! Joy through the thought's of what surprises God has in store on this journey to a foreign land. Everything is coming together for GOOD...tears. Saying goodbye to a faithful congregation who is joyful/fearful for the challenge and opportunity to partner with me in winning souls for Christ. Tears at the airport when I leave and return. Tears on the other side of the world for excitement and answered prayers. Tears of those hundreds who step forward and

give up their Hindu life for a life filled with Christ. Tears when they get on their knees and hug my legs for thankfulness and gratitude, then the tears of joy and rejoicing after they come up out of the water in Christian Baptism. What a sight to behold!

842 SOULS FOR CHRIST

In writing to both native preachers-----BRO Singh and BRO Dhas, I asked them for what they expected to accomplish. Each gave me their goals IF all worked out and IF the Holy Spirit protected us and led us. They returned to me their thoughts and expectations and we ALMOST made it while I was present with them. Combined they wanted 3 new churches started---we established 4. They wanted to go to 45 different Hindu villages. That is preaching 4 to 5 times per day, the calls for Christ and baptisms. We exceeded that goal as well. They stretched for the last goal of 1000 people coming to Christ and fulfilling their belief in action-packed believers baptism..... We received

842 and many more after I returned to the states. It is very interesting to me that I have NEVER had one instant where the subject of sprinkling, pouring has ever been brought up. They all immediately head to the nearest water hole. Some with water buffalos right next to them.

Isaac Dhas and Suman Singh

These men planned well. Executed their plans and nearly reached 100 % of their goals of evangelism. These are men who train other preachers in the area and watch out for them. They hold regular ministerial meetings at their own homes to teach the new ministers the HOW TO'S. They shell out money out of their pockets to assist each of them, they have 2 to 3 orphanages and schools that they take care of on their own. They buy the Bibles in the native language at a cost of \$3.50 each. They buy Sari's for the women who need to be clothed and buy lap cloths for the men as well as the equipment for schools, books, food, teachers, medicine, paper, pens, etc. You could give each of these men \$200 a month and that would take the monkey off of their backs, and each of the strain for supplies for paper, books, food, and lodging, for the students. I need help for them and they need American Christian help if we are to sustain the growth Reggie Thomas began many years ago.

Going Back as God Wishes

I usually celebrate my birthday in India. On February 15, 2018 I celebrated my 74th. Until the Lord shuts the door, I plan to continue to do missions, preaching, teaching, baptizing until my health won't allow it or I get called Home for and award ceremony

Right Place Right Time

God teaches us to BE READY to give an account of our life. To be instant in season to preach, etc. I am a trained EMT Emergency Medical Technician. I have done hospital work, worked on the ambulance, performed CPR when needed, helped deliver babies and care for the sick and dying. Being ready means just exactly what it means! On my last day in India we were having breakfast and Paul, brother-in-law of Preacher Dhaz sprayed orange

juice all over the table and me. I watched his face turn red and then fearful. He raised his hands to his throat-which is the signal that he could not breathe. He stood up and started outside. I followed and caught him just before he was about to collapse. I grabbed him from the back and pounded 5 times hoping to dislodge what ever he had swallowed. That did not work so with seconds fleeting by I did the hymleck and it worked. Praise God for being ready.
