Please pray with us continually for our churches need of land, metal sheets and motor bikes. When it comes to the labor, we can do the work find means to pay for it, the materials are most important to us here. Those who have land have made their clay blocks while some are making theirs. The heart is there to serve the Lord, but the means is not just there. Please pray for us.

Immersiones in 2018

We praise God that during this year 2018 there have been 2395 souls who have accepted Jesus as Savior and Lord and obeyed Him in Christian baptism. It is a great thrill to report to you that these native evangelists have written to us that during January—May. They along with our American Evangelists have baptized 2395 souls. Thank the Lord!!!

New Work Started in the Philippines

To God be the glory, we have a successful outreach in other island of Olanggo.

The Olanggo Island is very far from Calituban, 3 hours drive by boat. But from Cebu to Olanggo we ride by bus then transfer to boat to Olanggo, the same 3 hours by bus to boat.

We conduct Bible study, feeding program and praise God and we have 3 souls baptized,

This coming Saturday Rey and I are planning to go back to Olanggo, to conduct more bible study and have house church for the main time. There was a whole family baptized, we are using their house to have church worship service since we have no lot or building yet. Please pray for us.

Pray for our new pioneering church in Olanggo Island. I hope we can survive. The people on the island are hungry for the Word of God.

India

Udaya Kumar-
It is very sympathetic situation that I am sharing with you about bereavement of my Preacher Poul Raj.

He belongs to a tribal community (Nakkala Tribe/Gypsy- who are mostly visible in South India) – a no-madic tribe in India. They sell beads, combs and small utensils in market areas of many towns in An-dhra Pradesh, Telangana, and Karnataka. Before 40 years he accepted Jesus Christ and took baptism and completed his bible study. He has a wife and 4 children. He started his ministry work from his own community and won hundreds of souls into Jesus Christ. He joined White Fields Ministry from the past 14 years and he is receiving every month financial support by me through White Fields ministry. He personally trained more than 20 young boys as preachers. He constructed 3-4 church buildings in his area and doing Lord’s Ministry in Church of Christ.

Unfortunately last year he felt serious sickness, both of his kidneys damaged and doing dialysis twice in a week. After that he financially and physically very depressed. Regularly he is doing church service in his village. But Hindu people are always opposing and against him to stop church service in the vil-lage. Even though, he is still doing church service and he is having a house plot in the village. Hindu people discussed with each other and finally made a plan to occupy his house plot. They sent their wives upon him, the wives of Hindu people 6 women beaten Poul Raj and his wife with broom sticks, shoes and forcibly send them out of the village. Pastor Poul Raj, wife and his children hide 3 days at his relative’s place. During these three days he was depressed very much and he went to his home. In the mid night he was suffered with chest pain. He started with his wife to go to the hospital on his bike but suddenly his heart was arrested with severe stroke. He fell down nearer his house and died on the spot. In the village no one has visited his dead body and nobody helped him. After phone call to Poul Raj’s wife our preacher Baburao reached the place lifted his body and followed the proceeding of his death ceremony. This is way the Hindu people treat Christians. You can imagine how the people har-assed and created problems. We registered a case in police station against them and doctors did post-mortem examination. They also put a case against us in police station.

Now Poul Raj’s wife and children are in big trouble financially. I am requesting you please kindly pray for us. Your prayers are very much helpful to them.

Santhosh-

Cuba

This is the summary of these days in which I have not been communicated. I was at Holguín, in the East with a little group of brothers, in a town named Nicaro-Levisa; There we could share and backing up to the act of God. I knew wonderful people and brothers compromised with the extension of the Kingdom of God.

We could see the God's hand in everything in which we proposed to achieve, as well as His support. We saw signs and miracles, more of 10 new engaged with following the Lord. In addition to all these blessings, transportation was another miracle to go as well as the return

Really we were privileged with being where God is and being useful in the ministry. While I was away on a trip way over there, at home some brothers almost finished the roof it is just one more step to painting. I hope that when any one of you return, God Willing, it will be already finished and we can share the worship-ing services, with more space and cool air. Only there is yet to put the floor slabs, I already have part of the material and we expected that now God will provide what it is left. This project has also been a motive of unity of at least a part of the people of God we are at work with.

A lot of brothers and pastors are expecting to begin the classes of the Cuba Biblical Institute in Monaco and more brothers are interested to begin their studies. We think it is a great opportunity to prepare and give biblical tools to the leaders that are needing it.

Relative to the journey from June 6 to 8 we will go to Fomento and I will try to send 3 brothers ahead 2 days before to back up the job there, and prepare the spiritual environment evangelizing and praying, inviting the town to participate, I know that a blessing it will be, so, we are praying about it. The money of the journey and lodging will be paid from our church if God helps us.

My plans for this month ahead is to strengthen the leadership at our church in order to enable them to be more effective in their ministry. We will begin to disciple more teenagers that are part of our soccer teams. This is an answered prayer and a job begun 2 years ago that today is bearing fruits.

Thank God we kept on increasing our relations and our influence; everywhere we go God adds new oppor-tunities to work for His Kingdom. Today I went to gather the USBs that in 2017 they retained Robert Griffin, they appear in inventory but not in physically. Although we know that God is in the subject, we need all your prayers in order to be able to give one USB with files to all preachers and students of the Cuba Biblical Insti-tute and they can receive this great blessing.

Please pray for economical support for all the projects that we have in progress and also the future plans that are focused on the Kingdom of God in Cuba as well as for the young and married couples of my coun-try still remaining without Jesus. The Lord is the motor that makes everything happen and we, let's be effi-cient tools that help to lead Cuba for Christ.

The Lord Bless You And Keep You,
Yiosbel and Tamara.

Aaron Whisnant-

We appreciate the little God has been providing but we ask that you please join us in prayer for more sponsors so that they can help advance the efforts of those who are already helping. Because this little preacher received, is very much to describe it.

We understand that things are hard now every where but this is too little that it can't buy 1/2 bag of rice for any preacher's home, can't pay a tuition for even a beginner student/ nursery and still questionable if it is able to transport a preacher and his family to church during the course of the month. For instance, preacher Roland McGill spend 200LD from home to Church each day three time a week, he and his family (family of 8) goes there twice a week and what he receives is equivalent to 2300LD.

Roland McGill-
On May 27, Global Fellowship Church celebrating our 18th year of existence in the Lord's service as a local church/Ministry. It was indeed a very colorful event.

Hope For Bulgaria

I'm a little late with my report as we are just passing through a horrible time and we wanted to see what will happen. Next year we will have election for mayor. So the mayor now is firing people who are not from his party. I know is hard to understand but... They needed Georgi as he worked many projects but they are done. Now that the projects are finished, Georgi is a problem. They want to steal lot of money, buy fake documents and signatures. Georgi says he never will do that. So the mayor says leave the work or they will fire him. We are in such big shock, especially Georgi! He has worked so many years for his town, did so many things, loves his work. From 1st of June he is unemployed, he is so hurt. We don't have any idea what to do. In Svishtov there is no work.

Tomorrow we have prom in the school. A girl without parents was so sad because she will not go because she doesn't have money for a dress. So I asked my friend who has daughter to borrow dress and shoes from her daughter for the prom. She says yes. My friend who is hair-dresser will style her hair. This girl cried so much. She asked why I'm doing this for her? Her parents just quit being parents. I answer because God did this to me, because of His love. So tomorrow is a big day for us we will have prom and budget 0 but now we have everything.

Also the work with the girl I wrote before is going step by step. We continue to visit the doctor, he gives same medicine as she has problem with going to toilet, this is from the stress and sexual abuse.

The work in school is so stressful but I feel my heart is there. 70 children, 70 lost lives. 90 % smoking drinking drugs, no parents.

Please pray for us God to give a peace. Have a wonderful day! And cannot explain my joy to have you, not to be alone in this battle. Love you!

Jean Ronel Joseph-

Hello dear brothers and sisters!
How are you doing today? Hope you are doing well thanks to God and had an excellent worship morning. Here at First Christian Church we had a great moment. Truly, the Lord's presence was moving in our midst. We worshipped with about 85 brothers and sisters and the message was in Proverbs 22:6- instruct your children! We gave God all the glory for this opportunity that He has bestowed on us to worship Him and encourage one another. About Mark's House:
We are not too well. One of the boys got sick during the week and I had to take him to see a doctor and he is now doing better. But my wife is not doing well, she has been having some constant pain and unusual signs. We went to see a gynecologist so they asked her to rest only, she was at the service this morning but couldn't stay, because of some pains that she felt. Please, constantly keep us in your prayers.

Francius Joseph-

The Raboteau Christian Church has been very busy! They have passed out Bibles, had Agape meetings, different groups singing, worshipping together, a wedding, fellowship dinners, a crusade in front of the church, the children's school and a big celebration on Flag Day.
