

## Needs

### White Fields general fund

We have been using our general fund that is used for day to day operations of WH to help cover some of the money needed overseas

### Liberia

There have been many preachers added that are going into Sierre Leone. They are needing [\\$40](#) each a month

### India

8 preachers at [\\$25](#) each a month

**We received \$500, so all eight are covered for May and June and 4 of them for July**

### Bulgaria

Elena needs [\\$60](#) more a month for traveling expenses

### Philippines

4 preachers at [\\$25](#) each a month

### Cuba

Preacher support  
Church items- bibles, chairs

### St Martin

Need a 15 passenger van got the church to replace the one lost in the hurricane

### Curaçao

Need a 15 passenger van for the church

### Haiti

Need a SUV or 4 door truck to use in Haiti for travel around the island to the various ministries of White Fields. Nissan or Toyota is best since parts are more available. But anything is better than nothing

[\\$8000](#) to build a house for a family that lost everything

More support for JLMH since there have been more children brought to us from Social Services.

[\\$6000](#) to upgrade and repair some the buildings at the JLMH. They are long overdue

### Immersion in 2018

**We praise God that during this year 2018 there have been 2198 souls who have accepted Jesus as Savior and Lord and obeyed Him in Christian baptism. It is a great thrill to report to you that these native evangelists have written to us that during January—April. They along with our American Evangelists have baptized 2198 souls. Thank the Lord!!!**

# Don Ott Teaches In Cuba 43 Baptized in the Last Three Months

Dr. Don Ott returned March 23 from his 17th short-term mission to Havana, where he directs Cuba Bible Institute.

Don Ott and Dennis Pollock co-taught Eschatology: End-Time Events. Evangelist Pollock directs Spirit of Grace Ministries located in McKinney, Texas and for 12 years was co-host of Christ in Prophecy telecast with Dr. David Reagan.

Twenty preachers and church leaders attended, and six completed the four-day seminar for credit.

This completed a second four-year cycle of 16 seminars that lead to a Certificate of Christian Ministry.

The next cycle begins in June with ACTS: The Apostolic Church taught by Daniel Barulli of Mid-South Christian College in Memphis. Zane Darnell and Justin Avery are scheduled to team teach Old Testament Survey in September. Dr Robert Griffin will return in December to teach Romans.

Twenty house churches reported average weekly attendance of 318 and 43 baptisms during the last three months.

First Christian Church, Pignon, Haiti Celebrates 2 Years

We met Jean Ronel Joseph thru our dear friend, Justin Avery. Ronel was a student at WISE when Justin went there to teach for 3 weeks. Ronel went back to his home in Pignon, Haiti. When Justin and Zane went to Haiti to teach, Ronel came to help translate. This has started a wonderful friendship and partnership.

Reggie Thomas went to Pignon, Haiti in March 2016. He helped Ronel start a Christian Church in Pignon.

This past month they celebrated their 2 Year anniversary. They are celebrating with a revival. This is a great church. Please pray for this church.

We thank God for another Sunday to worship His holy name with our brothers and sisters. We hope that you had an awesome time in the Lord's presence this morning. We worshipped with 85 brothers and sisters and the message was in Mark 8:22-26 received a second touch from Jesus to see people not like trees but like people. As you all know today is the day that our revival starts. We started pretty well, we pray that our Lord will continue to bless us and guide us through this week. Our theme for this week is : do things so that they can see your life clearly changed Mat.3:8-10.

Hope For Bulgaria

My work is continuing in the school and getting harder and harder, but I'm thankful as these children start to trust more and more to me. The girl I talk with before - she has many physical problems too from what she experienced at home. The doctor gave some medicine and we started the program. She see bath and normal toilet for first time at the school hause. She was afraid to use it. The colleagues don't have patience with her to show her how to use. But we are working on that and every-day is better. Now she is safe, but I'm afraid that in the summer when the school is closed and she will be at home.

Oh, I have another hard work with a girl whose father died 4 years ago and her the mom is living with another man and her mom tried to send her out from hause. She fell in some depression, got drunk, and wanted to jump out a window. I hugged her and she cried all night, I was afraid to leave her alone. So much pain in this girl. I used this time to share how God heal my broken heart, in the room wasnt no one, so I was free to talk.

These children are just lost. They dont have parents or the parents work abroad. They are alone, drinking and smoking and don't have any dreams. But they like me and ready to talk - so I'm so happy. I feel so tired and exhausted with them but at the same time so happy that they have someone.

We still are under big stress with Georgi's work. They want him to leave the work because it is a problem for the Mafia to steal money. Georgia won't help them. Some colleagues says to him that they will keep him no more than 2 or 3 months. He worries so much about this. I know that God will provide a way when there seems to not be a way. Just we need peace.

Im happy that the spring is here and no more snow and cold. Now we often get out on the river kayaking to get out of this dead atmosphere . We dont have so many people with whom to share, feel little alone because here people afraid so much and are in deep depression.

Please continue to pray for us

# Albert Arumugam In India

Two people from our branch church in Dhasakuppam were baptized into Christ. Please pray for these new converts.

One young man was baptized into Jesus Christ, in our Uthukottai Christian Church, on Easter Sunday. Praise the Lord.

# Cheery Abesio In the Philippines

Greetings from Philippines. May the Lord add more blessings and give you more strength in serving our Heavenly Father. Anytime you are very welcome to come and visit the Calituban Island to share the Word of God. Ester Martini from Argentina is here on Calituban Island for evangelism together. Family camp was successful.

To God be the glory! We had 3 souls baptized into Christ. Ester and I will then have a seven saying service, day VBS, island to island evangelism, we must preach the Gospel. Please pray for our church activities.

Love and prayers,  
Sis cheery

## Zane Darnell Returns From Haiti

I was able to spend a few days in Gonaives while I was in Haiti that were very productive. Nobody in Gonaives knew I was coming because my trip was only going to be in Port-au-Prince, but I was able to squeeze in some extra days.

Francius Joseph was holding an outdoor crusade in front of his church in Robotean. There were hundreds of people gathered each night and 10 people accepted the Lord as their Savior and were baptized into Christ. We praise the Lord for these new souls added to the body of Christ. I thank God for the wonderful work that Francius is doing in Robotean.

The children at the Jesus Loves Me Home are doing great. It was so good to see them again. They were so happy to see me since they did not know I was coming. I spent some time playing with them and listening to them sing to me. I love to see their smiling faces.

I stop by another orphanage ran by Jan Thompson. I happened to see Jan in Atlanta on my way to Haiti, as she was on the same flight with me. She told me she had some bedsheets and play clothes and play shoes to give me. So I went by and picked those up for the JLMH. Let me explain about clothes in Haiti. The children have clothes which are uniforms for school, then they have clothes for church, then there are clothes to go into town ( these are not nice like church clothes but not ragged like play clothes) and then there are play clothes to get dirty in and run around and play in. Clothes that we bring in are nice clothes so they don't like playing in them unless they have to. So Jan giving us some play clothes was really great and needed.

Sainsurin is holding a Bible Seminary for all preachers the last week in March. He expects over 200 to attend.

This seminary is different than the ones we hold. We usually teach on the Bible, but Sainsurin's is more on the church itself. Things that we as Americans do not know in Haiti. It is great to see a seminary like this.

I was able to spend time with Jean St Juste in Port-au-Prince. As some of you know he is the son of Jean St Juste Sr who passed away a few years ago. His father and Reggie Thomas started many churches in South Haiti and those churches are still going strong today. Jean grew up in Connecticut, because his mother had to flee the country with him and his sisters when Baby Doc was ousted. She was the Mayor of the town they lived in and was afraid for her life and her children's lives since she was in the same party as Baby Doc.

## Zane Darnell Returns From Haiti

Jean came back after the earthquake in 2010 to help out and hasn't left yet. He is now married with two beautiful children. I first met Jean a few years ago when a Justin Avery and myself help seminars with the South Haiti preachers. Jean helped translate for us. He was a Christian but his Bible knowledge was not too great. Fast forward to now and I am so impressed and pleased with his knowledge and being able to quote scriptures. He stepped up after his father passed to help see his vision of all of Haiti being won to Christ

I preached at the church Jean preaches at. We had 95 in attendance which is very good for this church that sits way up the hill from the main road. We had a baby dedication after the service, which Sienna was recognized, She is Jean's daughter. I also brought down a projector for Jean to use at the church. He has a growing youth program going on there and can use videos from his computer for lessons with the kids.

I had a wonderful couple of days in Pignon. I brought down many things for Mark's House and for the church. The ceiling looks great at the orphanage, this is a real blessing to keep the rats out. Also the storage room is built which the batteries for the solar panels will be stored. We have an estimate from one company for the solar panels but I am checking with some others also.

I took the children from Mark's House out for pizza one night. I ordered 5 XL pizzas, which is 16 slices per pizza, and we ate every bit of it. The children had a great time getting to go out to eat.

I was able to show Ronel some things on the truck, maintenance wise, that he could do himself. Changing air filter, wiper blades, headlights and taillights, checking transmission fluid, etc.. we had sent a weed eater too with the truck. So I was able to show him how to use it and it worked great.

Lori bought the boys hacky sacks which they loved. They usually take their socks and put cornmeal in them to play hacky sack and then when it comes time to find their socks they don't know where they went.

They played a game of soccer while I was there. Ronel's team won 6-5. The kids have a blast playing. These kids are so much happier and healthier now than they were 2 years ago. Not only are they physically healthier but they are spiritually healthier. I praise God for the work Ronel and Nadine are doing with the boys
