## What's Happening in Haiti

President Moise of Haiti just announced that the country will stay shut down for another two months. There has been 958 confirmed cases with 27 deaths, but there has only been 3000 tests administered. So this is only a fraction of what the coronavirus is in Haiti. The Haitians are only supposed to be in groups of ten or less, but as you go into the markets you notice that this does not happen. They would rather take the chance of getting the virus than starve to death. The Haitian Voudo community are selling potions that they say will cure the virus, there have been many deaths including children associated with these potions. We have also heard that some people are killing others with a fever, sniffles or coughs because they think the person has covid19. Please pray as our Christian brothers and sisters in Haiti reach out to the people of Haiti during this pandemic.

The Haitian people are having a very hard time with the rising costs of food also. In America we face the rising cost of food, but in Haiti the prices are even higher with the people making significantly less money than here in the States. Mark's House, which is located in Pignon, has been doing well during this time. They have carrots, sweet peppers, and hot peppers planted and also have 300 mango, banana, and papaya trees planted. The boys have been helping Ronel with the planting and watering. Please pray for rain in Haiti, because they are needing it right now

## Books Needed

We are in need of books for our preachers and churches in Cuba, Haiti, St. Martin, and France. We want for them to learn and grow more in Christ. Some of these books will help the preachers in teaching more on doctrine to the members of their churches. Some of the books are for children to help them learn more about Jesus. They are so hungry to learn more and more. If you, a Sunday School class, children's church or school, youth group, bible Study group, etc... can help with one or more books then that would be such a blessing.

We will work with LATM to purchase these books. We also work in the same building with them so we have easy access to these books.
