## 203 Baptized in Liberia

We have another month of Crusades in Bong County. We visited five towns in Bong County preaching the good news of Jesus Christ and baptizing souls into Christ. We started March in Bomi County where we were in Gbah, Mombo Camp.

We had two nights of Crusades with them. The first and second nights, we had no baptisms. The we baptized 38 souls that night.

Please be with us in your prayers for these trips so that more souls will be saved. We have planned to visit the church in LAMCO Camp, visit Green Hill Quarry, and Zoweinta Bong County before going to Nimba County. In Nimba, we have planned to visit Nengbeh, Tunudin, Tunukpuee, Whenten, Whallah and Sanniquillie. We are praying to establish some new churches when we go on this two week trip.

We thank you so much for your prayers and support to us and our Ministries here. We always pray for the Lord's blessings upon you all.

## More News From Liberia

I greet you and all the beloved Christian brothers and sisters who are making sacrifices to support us as preachers of the Word of God here in Liberia.

I gave God the glory for the month of February 2021, for carrying us through good health and mission work (revival, door to door evangelism, Sunday Fellowship etc).

And for your continued support both spiritually and financially. This support helps us in talking care of our family, ministry workers and others needs in the church.

Our prayer requests :

Please join us in prayer for \$950 to replace our set of instruments that was stolen last September and a mini bus (\$9000) for transportation for the soul winning campaigns. We have fish all around us during the 2018,2019, and 2020, we need to go at distance in order to win more souls a mini van is very important for this campaign. I want all of our good supporters to see this request as an honest request. I see preaching crusades and open door revivals as an effective way in doing the kingdom work that you wouldn't want to stop doing; seeing a cut off by COVID19 and stealing of our instruments, deeply troubled my spirit, and my prayers, that God will provide these funds to get me and my team set up for work.

Please pray along with Global Fellowship Church Of Christ for \$5880 (PTL \$1500 has been provided) a complete estimate for their building project (from foundation to elevation). The church is situated on a family spot as such its safety isn't guaranteed for the future to come, meanwhile there is a land bought for the church by Dad Reggie Thomas and all we need is to develop it for the church to move in.

Please pray along with Lynh Church Of Christ for their building reminder.

Please pray along with Saint Faith Church Of Christ land repurchase \$1500

Please pray for our preachers for support:  
Jackson Korkollie, John Gondo, Michael George, Ben Sonii, J. Sebastian A Miller, PC. Sanndy

## News From Oscar Cottam in Antigua

Our dearly beloved brethren. The COVID 19 has changed a lot of things here in Antigua for us. Antigua is a tourist Island that depends mainly on tourism. So over one year ago the office of tourism became at a stand still. Workers were sent home, food supply was short in the supermarkets and others agencies that are related to tourism were closed. Even at this moment schools are closed and most Churches were ordered to close, but now reopened with only twenty worshippers are allowed to attend.

Most of our members are afraid to attend services, so our numbers are just a fraction, most of our members cannot give an offering much less a tithe due to unemployment. This is the only time my wife and I felt like going back home to Guyana. We are missionaries here from Guyana South America, and have no relatives here.

My wife Joycelyn can no longer teach. We have built our home and have a mortgage of \$450.00 USD a month. Our monthly expenditure is \$1200.00 USD.

With all of this we have hope, and we are not complaining. Jesus said. He Will build His Church and the gates of hell shall not prevail against it.

In the middle of all of this, we wanted to have a Preschool here so that we can be self supporting, and when it comes for our time to leave, the work will still go on. The younger generation do not have the struggle like we have. We are not just thinking about ourselves, but after we are gone. The Government has decided to sell us the land that is next to our church, just what we needed, but we are unable to pay even such a very low price of Four thousand dollars as down payment and five years to pay off.

This is the first time I am writing such a comprehensive report. "Just put it all on the table and see what the Lord will do."

We know at this time, world over it seems like everything is just the same. The small little support we are receiving we never complain. We just want to thank Zane and Lori and a couple of elderly brethren that so faithfully support us with the little mite they have. We are eternally grateful to you and our God.

The reasons why this is news to many is because my wife and I live by two principles. (1) Our God will supply our needs according to His riches in Glory. (2 I was young, now I am old, yet have I never seen the righteous forsaken or His seed begging bread.

God have blessed us with youthful body and spirit that have caused us to look and do His work in a remarkable way.

We will love for God to speak to some hearts to join us in winning souls here in Antigua by supporting our ministry here on this beautiful Islands of Antigua in the Caribbean Sea.

Your humble servants.  
Oscar & Joycelyn Cottam.

### Uday Needs Help

Dear Sister my health is not well. I am suffering from a varicose veins problem (both legs). Due to the long-standing on my legs and driving on the bike for Ministry work, both legs are affected with varicose veins swelling. I checked up in a hospital, the doctor did a 'Dopler test' and revealed that I had a varicose veins problem, and he said to me that it is compulsory need to do surgery (Endo Vascular Surgery). The surgery cost will be 120,000 IR (\$ 1700 dollars). Sister, I don't know what to do, but I am not worrying and still believe in Lord Jesus Christ. I am requesting you sister, please pray about my health.

My co-worker Giri Babu's health is also not well. He had tongue cancer 3 months before and done surgery successfully. But he is not able to eat raw food, only liquid. This Sunday I visited his house, financially helped him, and prayed for his health. I am requesting you please pray for his health.

Thanking you,  
Your Loving Indian Brother,  
Uday

**From Roland McGill**  
I bring you greetings from my family and the Saints of God at Global Fellowship Church of Christ, It is my hope and prayer that you and the family are all doing well

I praised God so much for answering our prayers and the blessing of financial support for us.

When I heard the news that we were given \$1500 for our outreach church I praised God. There was great jubilation among members today when I broke the good news there was over flow joy and gratitude We plan to start this coming Saturday.

Continue in prayer for our lease agreement on our property here. There is a lot of disagreement among the lady's family. We are trying to prepare the congregation to be ready for any unforeseen circumstances

May God's blessing be with you and your family keep you all safe in Jesus name Amen.

## What's Happening in Haiti

Haiti... once known as "The pearl of the islands", the place I love, cherish, call my second home, and hold so dear to my heart. Beautiful people, beautiful attitudes, beautiful smiles, beautiful sunsets, beautiful beaches; these are the things you do not read about or see in the news.

Life is tough in Haiti, there is no doubt about that. Most of the population lives on less than \$2 a day. The staple food is rice; a bag costs \$25. My heart breaks as I look around and watch vendors sitting in the street, in the heat, praying that someone will buy their goods, so they can give their children a spoonful of rice that day. There is misery, there are worries and burdens, there is despair, but there's also joy, pure joy! The Haitian people find laughter and happiness, they turn over their worries and praise God for being alive. They are devoted, they care, they are servants to God and allow Him to use them. I see this, I feel this, the news does not show this side either.

My heart is bursting at the seams with love for Haiti and her people. My heart also is shattered by the situation in Haiti right now. So much is out of control for the average Haitian; they are scared, they have no control, they are praying and screaming for help. This situation as a whole has been ongoing for around 3 years now. It ebbs and flows and changes day to day. There can be several months of peace and then a flare up. With each flare up the situation becomes worse.

The current situation is gang, political and police related.

February 7th should have been the end of President Moïse's term, but he says he still has one more year.

Elections have been cancelled multiple times and many say he is trying to be a dictator, but he says he is not a dictator. To fight him, influential people, including some in Parliament, provide ammunition and money to gang members. Moïse is running the country by decree which is a violation of the constitution. As with every President that has been elected in Haiti, Moïse has succumbed to enjoy the power of being President. The good thing with having a new President is that there is peace for a few years until the people grow tired of him/her.

Gang members in Haiti are ruthless and have proven many times they are very dangerous. In years past the rioting was violent too, but not like it is today. The gang members do not care who they kill. They will kill

women, children, or anyone just to prove a point. They have instilled fear and the sense no one is safe. Also, Port-au-Prince was the "hot spot", rarely did the violence stretch out to the countryside, today it is nationwide.

The most recent incident: Police were called out on a mission. The mission went wrong. The gang, whom the police were sent to take care of, had built a trench in order to capture the police and their vehicles. It was a set up. The armored vehicle was trapped in the trench with 4-5 teams of police trapped inside the vehicle. A molotov cocktail was then thrown underneath and the men began to cook from the inside. The police then tried to escape the vehicle which led to a vicious attack on the officers. Four officers ended up dead that day. This has set in motion other attacks on the police.

## What's Happening in Haiti

In a separate incident from a medical mission clinic:  
*"Our Jesus Healing Center Saves Lives."*

*As some of you know, there are now "gangs" in Haiti, hired by "higher powers" so that they rob, control, and intimidate anyone. There is a gang about 45 minutes from us, called the "Papaya Gang," because they hide out way in the back of a papaya field. They are very organized and operate with "big guns," and someone on a cell phone calls them out when someone is in a car, or a bus, or any vehicle. They come out with powerful guns!*

*Two days ago, they shot at a large "tourist" bus full of Haitians who were going towards the Dominican Republic. They shot the driver and several others!! Somehow three of the ones who were shot, made it to our Jesus Healing Center, others, who were in worse condition, were taken to hospitals! Someone just drove up in a truck and dropped off these three patients, covered with blood, and one holding a blood-soaked rag on his head. When they opened the emergency room door, the man cried, "Papaya Gang!"*

*The first man was soaked in blood and the other two were wounded also. One of our medical team went to work on the man with the wound in his back but they thought he had just been grazed... but our Dr. Barthelemy said, "let me look at him, before you finish." He just kept looking at the hole in his back and said, "there's still a bullet in there!" Yes, he found it! Our people prayed with all of them, and they will be fine. Note: We just heard that one of the victims that went to a hospital, just died. We feel so sad...*

*From Descar in St Marc, Haiti: The situation of the Country is worsening day by day, no one is safe, not even the police are safe. The situation is really difficult and even chaotic for the Haitian people. Mèsi anpil pou priyè ou yo. Gangs are very dangerous, they don't protect people. Let me explain, during this week a person was kidnapped, the gangs asked for a very high sum of money, one of his children brought the sum requested for the release of his father, they took the money and his father has been released. What is worse, the gangs also took the person who brought the money, it is the desolation.*

*From Francius Joseph in Gonaïves, Haiti: In Gonaïves the things is very bad, we do not have the security, we can't sleep in the house during the night. The gangs come to the house and take all the things that you have and kidnap some people and asked a lot of American money for liberation. We have the great problem and we need more prayers for Haiti*

*From Jean Ronel in Pignon, Haiti: We are in stress, gangs killed about 3 or 4 police officers and several are injured and are in the hospital, It is hurting to see how gangs are torturing the police before they kill them. We have no leaders whatsoever to make right, now everyone is on their own*

Our Brothers and Sisters are reaching out for prayers! They are scared, nervous, hurting, exhausted, and need to know people care and are praying for them.

I do not like spending this much time on this subject, but this is life in Haiti. This encompasses their world, their thoughts. Most importantly, the only thing we can do to help is to PRAY.
