Who lead you to Christ? = ***My Father.***

Why did you become an evangelist? **I am a soul winner because it is an obligation for all who have accepted the Lord Jesus Christ to fulfill the great commission. I am the preaching Elder of the First Christian Church to St. Marc, after the death of Pastor Francilus Aimé**.

The situation in Haiti is getting worse and worse, where the ill-intentioned people upset the country. Even the political leaders of the country can not get along. The struggle for power causes negative effects on the political, economic and social levels. The population is functioning poorly and living in stress. I would like a profound change in this situation, and a better life for the people. We need prayer for helping Haiti, so that people can not defend their personal interest for the well being of the country.**

808 Baptized in Nimba County, Liberia & Guinea

We write you greetings in precious name of Jesus Christ our Lord.

We thank the Lord for His blessings upon us through the last month. We went through Nimba County and Guinea preaching the gospel to the lost in Towns and Villages. We were able to baptize many souls into Christ Jesus. We went into Ballah, and Zuapa in Guinea, Gbeh Tengben, Gben Nyonyee, Boapea, Duo Tiayee and Ganta, Nimba County. We baptized the total of 711 souls into Christ. The total of 808 souls were baptized in the last month. We give God all the glory for His goodness. And you are the forces behind us. Keep up the good work for the Lord.

Our churches have increased to 30. The 30th will be reported in March because it was started on the third of March. We just returned from Gbah, Bomi and Macca Grand Cape Mount Counties for Crusade. We will conclude this month with Guaye's Town in Bomi County by the 27th to the 29th of March.

We thank you for all the support that you are giving to us and our preachers who are on the fields for Jesus. We will forever remain grateful to God for you all who help us with financial support and prayers. We trust that the Lord will bless you all as we strive to reach the lost for the Lord.

Please pray with us for the new preachers who are being added due to the number of new Churches. We continue to get more calls from Towns and Cities in other Counties of Liberia. We are praying for the roads to be fixed soon to enable us to reach some of the cut off areas by road. There are 8 preachers that we are still praying for to get some help. The church in Macca where we are going is included as the church to be a part of the Christian churches soon.

Please pray with us for some of the churches that need lands and buildings for them to worship in. Some of them are serving in Town Halls which belong to the Town people, when they decide to have their Town meeting they have to ask them to leave. We need to pray for them to have their own places of worship.

We are praying for the Lord to make a way for the churches to be in their own buildings to be free to worship our Lord in peace. Whatever the Lord will provide will be accepted. We will always be grateful to God for your support to us.

808 Baptized in Nimba County, Liberia & Guinea

The preachers that are far from their places of worship need transportation to travel. Some of the roads are not accessible to vehicle during the rainy seasons. We are praying the Lord will help us to help them travel freely on their own. Transportation in the interiors can be very high.

You will see that Toyota church attendance dropped for February. It is due to the poor condition of the building in which they are meeting presently. Some of the members are mocked by friends and so they stay away from the service because the building is not renovated yet. We have been given the building for use until we can acquire land of our own. It is possible the we may buy the building in time to come. It will take $750 to repair it. Timbers and metal sheets included. Please pray with us.

We want to inform you that we have been attacked here in Gbah by the Devil. We have been struggling with the old generators that we have been using for night services. We carried the first one back to Monrovia on Wednesday and brought the last one which did not work well. It burnt more gas than normal. So we took it to be repaired to reduce the burning. While having service tonight, it stopped working. So we borrowed a smaller tiger generator which burnt the projector and the mixer that we were using. Huge smoke came from the mixer and the projector burned also. The extension cords also burned. We are sending for a mixer to Monrovia along with a projector that belongs yo someone to see if it will work the computer. We need prayer because we are going to Macca, Grand Cape County this morning.

Dear Saints,
Greetings to you all in the mighty name of Jesus Christ. We thank you for always remembering us in your prayers. We continue to ask for the protection of God for you so you can always continue with these good works.
The first month of the year 2019 has ended and once again, the Lord has been faithful to us.
Church attendance at each branch is very encouraging. I personally visited the Kantanso Christian Church and I was extremely happy to see an increase in their number. Also the service started earlier than their usual time since members now attend church on time. I'm actually yet to find out what caused this great change. I believe God is at work and this always give us the joy and strength to continue with the work of our Lord Jesus. We thank God for that.
Konongo Branch is still on its Church building project. We have received support from both members and nonmembers. Nevertheless, we're pleading that you support us in a little way as touched by the spirit.
Greetings to everyone and keep on the fire burning. We also do remember you in our prayers a lot. May God keep us all and help us work tirelessly and diligently in his vineyard till we meet again in his bosom in Jesus name. Amen.

News From The Abesios in the Philippines

Greetings from Philippines..

Calituban church and Talima church are praying for you. Thank you very much for helping us in our ministry here in the Philippines.

Talima church is almost one year old! Our first anniversary is coming May 20. This coming April and May we have so many church activities: vbs, summer camp, seven saying service, sunrise service, house to house bible study.

We want to thank White Field supporters, Antioch Christian Church for providing chairs, tables and communion tray for the Talima church. This is so important as this church has nothing.

We had a feeding program after our worship service. Praise God that we have a successful worship service and we have prospects.

Include the Talima church in your prayers. Thanks for all the goodness and prayers.

Jesus Loves Me Home

As I reported last month, the situation in Haiti has not been peaceful or safe. This has brewing for 6-7 months. Thankfully, at the moment, things have quietened down. Please continue to pray. It is being said in Haiti that March 29 will be the “day hell opens up”. Also the prices have soared to unbelievable heights and have not come back down.

Because of the riots and safety concerns, we were not able to go to Haiti at Christmas. But the kids still had a good Christmas.

We were able to video with them on New Years Day. We were able to watch them eat their joumou soup and tell them Merry Christmas, Happy New Years, and Happy Independence Day. We were all happy to see each other. We sure did miss seeing our babies in person.

For Christmas they received: clothes, shoes, sheets, kitchen items, and Prospere put a new line in for electricity. We thank all of you who donated and made Christmas happen for the Jesus Loves Me Children.

The kids have remained safe and secure at the home during all of the riots. They are able to eat and drink water. We thank you for providing safety for them.

Prospere had to take 7 of the children to Dr Dan at Living Water Medical Clinic. They all had pink eye again. Taicha is anemic and one of the other children had an infection. Pray for their healing.

We will return to Haiti when the Embassy lowers the travel threat level. Right now Haiti is on the same level as Syria, Afghanistan, Yemen, etc. We miss our kids and cannot wait to see them.

Udaya Kumar Reports From India

I am so happy to share happy things with you. On January 1st we had 36 souls accept Jesus Christ and were baptized. After that I gave them Holy Bibles, calendars, sweets and new clothes.

Two paralyzed man almost died but Jesus miraculously healed them through our prayers. After that they accepted Jesus Christ as their personal Lord and Savior and were baptized. After healing their bodies, their family members (wife, son, daughter, son-in-law, daughter-in-law) also accepted Jesus and were baptized. This is a very great moment and the villagers of this village were also shocked to see them. They are walking and talking, Jesus helped them and did a great miracle. We felt so happy and I am requesting you please pray for these new converts.

We have a great shortage of Holy Bibles to be distributed new converts. We have received some money to buy some Bibles, but still are some short. I am requesting you please pray for this need.

In January, we visited 30 newly converted houses and gave some good spiritual encouragement through the scriptures and sermons.
Our preacher Luke Kumar's church building (Ramapuram church building) is damaged very badly due to the heavy rains. The congregation is planning to build new church building. They are collecting local funds to build the church building, but we need more support to build the church building. I am requesting you please pray for his church.

One of our newly converted believers Brother Abraham passed away due to paralysis. Please pray for his family.

One woman suffered with an evil spirit for the past year. Her name is Raja Lakshmi. She attended 3 weeks to Kalahasti Church. She accepted Jesus Christ as her personal Lord and Savior and she is willing to take baptism, but her husband is opposing to take baptism. I gave her a New Testament Bible. I am requesting you please pray for her.

Our preachers Baburao, David Paul, Karunakar, Dass and Shanthavardhan are doing well in villages for the preparation of Crusades. I am requesting you please pray for them.
In January month our preachers and co workers visited 50 new houses for house blessing prayers. In this month our preachers got 45 souls saved in Jesus name and they baptized them. The new converts are asking me to construct new church building. I am requesting you please pray for a new church building.

Udaya Kumar Reports From India

In the coming summer all the pools and canals will be dried out. So there is no water to give baptism to the new converts. We need to construct baptism tanks. I need 5 to construct and I am requesting you please pray our needs.

In February, I personally baptized Balaramaiah. Previously he was a Hindu and he didn't believe in Jesus Christ and addicted to many bad things. After the bad things, his nervous system is damaged and he is unable to walk, talk and finally is completely bed ridden. After hearing the news we visited his house and preached the Word of God. I spoke about Lazarus to him, how Jesus Christ raised him from death. He got a little hope; he thought that "if he prays to Jesus he will definitely heal". After that we continuously visited his house and delivered sermons. His mind changed and started to come to church through the support of his relatives. God healed him miraculously and now he is walking through the support of a stick. He asked me to baptize him and I did with full of joy. His family members are so happy and they are also coming to church. Oh Our God is so wonderful. I gave him new clothes and a Holy Bible. After Baptism I changed his name from Balaramaiah to Lazarus. All glory to Lord Jesus Christ. I am requesting you please pray for him.

One of our church members (Venkatesh) is suffering with Tuberculosis in advanced stage. He is having only one son and he is not believing Jesus Christ. His son is not taking care and not even taking him to hospital and he wants his father to die. I am requesting you please pray for him.

I provided one meal to poor Hindu people in Ramapuram church. After meals all the Hindu people praised Our Lord Jesus Christ. All Glory to Lord Jesus Christ.

Our preacher Baburao got very much sick this month, he went to the hospital and the doctor examined and the blood results shows that he is suffering with Diabetes. I am requesting you please pray for him.

In February month our preachers and co workers visited 190 families and 40 new villages. We saved 14 souls in this month and they were baptized. I am requesting you please pray for them.

I am so thankful to each and everyone those who are sending their valuable support for the development of our Ministry. We are all praying for you.

Thanking you,

Yours Loving brother,

Uday.
