Barry Kermeen Visits Liberia & Other Liberian News

Brother Barry came and stayed for nine nights and facilitated revival preaching at three different locations; Virginia Church of Christ, New Life Victory Church, and Triumph Church of Christ. At these preaching points, we have 29 people who obeyed the Gospel and were all baptized into Christ.

We couldn't have these revivals outside due to rain almost every night but by His grace, we went through.

It is our prayer that these souls will have Bibles to start with; please join us in this prayer. Carton of Bibles are sold for $250USD and it contains 24. God bless you.

The churches are doing their best for the Lord in such a hard Country as ours. Prices keep going up with no control. We only praise the Lord that we are still alive by His grace.

Today the church in Whenten is constructing their building in Nimba County. They have their clay blocks made and kept them for the dry seasons. We pray that the building will go up before the rains increase. We will get them some roofing sheets to secure their building.

By the grace of God we have planted new churches which have increased our churches to 30 in all. Please pray with us for the preachers that are in the towns where we have these churches. We are always thankful to God for those who are sending support now. God will bless you greatly.

Some of our churches now have land and are putting up their own buildings. The church in Ganta is working hard to put up their walls and Tiayee church put up their roof. The rain is here now and some them will start in December. The church in Gbah's Town now have their land, Ballah, Guinea church now have their land, Tunudin now have their land, and Whallah has land and a building with roof on the top of it. Some of them have sawed their timbers and are waiting for the dry season to come so that they will start their buildings. The building in Totota has been renovated.

By the grace of God, we had three Crusades last month and a new church was born as a result in Jekeyeh, Republic of Guinea. We started the first church in Guinea in that City, but it was moved to Ballah due to the EBOLA crisis in Liberia and Guinea. This brings our Charity churches to 31. We cannot thank you enough. There are still Macedonian calls from many parts of Liberia and Guinea. We trust that the Lord will be faithful to His words in helping us to reach the lost for Him in Liberia and where He may send us. Your prayers and support help us to reach the lost souls for Christ. We will continue to appreciate your prayers and support as many churches come up here for the Lord. Many of our people are still lost without hope in the Lord but trust in their idols and false religions. They need the Lord's saving grace that has appeared to all men.

We prayerfully lift all of you to the Lord for His bountiful blessings upon you as you pray for us and support the Ministry here in Africa. God bless you again greatly. .

My Hometown is Bompata, Ghana, now living at Kononga Ghana.

I was baptized at Kumawu, my father led me to Christ.

The reason I became an evangelist is to win souls for Christ. The world belongs to our Lord but Satan is taking control. Sin is ruling the world.

My favorite part about my ministry is public preaching and house visitation. The Majority of Ghanaians love God so we have peace and freedom of religion. Our economy should change from bad to better because the hardship is too much.

Service at the new ongoing church building

Dear Saints,
Greetings to you all in the mighty name of Jesus Christ. We thank you for always remembering us in your prayers. We continue to ask for the protection of God for you so you can always continue with these good works.

April is a month of sorrows and joy all mixed together since it commemorates the painful death and glorious resurrection of our Lord Jesus Christ.

Christian Churches in Ghana organized a three day National Easter Convention. It was held at one of the branches at Koforidua in the Eastern part of Ghana. General turn out was very low; around two thousand (2,000). I don't really know why exactly but I'm guessing it was because the venue was too small to accommodate many people.

Our district branch also joined this convention but the number was too small so I decided to investigate why. The common answer I received was :"Sika nni ho" meaning there's no money. Nevertheless, they all gathered at the church premises to have their own service in the absence of my dad and the other leaders and members. We were so glad to hear about the initiatives they took even without any directives. One thing that dawn on me is that, even though the world (Satan) is claiming a lot but the spirit of God is still moving in the hearts of people towards God. Just a little availability on our parts, then God takes over. And as I always say: that's the joy that always keep us going.

Greetings from all the branches to you. We encountered some deaths (relatives of some members) and we had to go accompany them. Since the Bible says we should mourn with the mourners, but Church attendance at each branch is very encouraging and I believe God is still at work and this always give us the joy and strength to continue with the work of our Lord Jesus. We thank God for that. The new converts are also doing well.

Seth & Mercy

Konongo Branch is still on its Church building project. The church has moved to the auditorium (since its a story building, we've covered some portion allowing us to worship under). We have reached a level which needs to be finished at a faster rate or else the rains will soak it and it will eventually fall. It needs to be rushed to the roofing level and after roofing, we can relax and do it at a slower rate. So we're pleading that you support us in a little way as you can as touched by the spirit. We are doing our best possible but we really need your support.
Greetings to everyone and keep on the fire burning. We also do remember you in our prayers a lot. May God keep us all and help us work tirelessly and diligently in his vineyard till we meet again in his bosom in Jesus name. Amen.

First Christian Church
Pignon, Haiti

Greetings Dear Brothers and Sisters in Christ Jesus!

I hope that you are all doing well.

We pray that this letter finds you all well. We had a great time here. We began preparing our Revival Week with door to door evangelism on Friday April 19th and then we started our revival on Sunday April 21st. For the whole week of Revival we had over 200 persons that came to hear God's Words. This morning we had an awesome celebration with over 250 attendees, the message was in John 3:20-21 "whoever lives by the truth comes into the light! And then about 84 persons partake in the Lord's Supper and also three deacons were ordained today to exercise their ministry of service within the church. And then this afternoon we had a big concert with about 300 persons. As a result from the Holy Spirit working, 5 persons restored their relationship with Jesus as they started working with Jesus and then stepped back and also 3 committed their lives to Jesus.
So we thank God for all those amazing things and this coming Wednesday May 1st, we will have a big Conference day for the youth, so please continue to pray for us as we pray for you all as well.

Promised Land Children
Jean took the older Promised Land Kids hiking on a nice, sunny day. They all really enjoyed the hike.

Hope For Bulgaria
My work is going well at the school. Next month a few are graduating and are sad to be leaving school. Now the kids are preparing for state exam and prom. Most will go abroad to work as here they cannot find a job and most of them are gypsies.

I'm sad that one of my favorite gypsy girl left the school. She is only 15. Her family sold her for money and made her to get married.

I spend few days with my sister and my girls hiking the mountain. I needed to see green and have quiet time. I'm so happy that God changed the heart of my sister so much. When I become a Christian, she started to hate me and stopped talking to me - saying that I'm crazy and I'm part of dangerous cult. Now after 30 years of prayer and waiting she is calling me and talking with me. I'm no longer dangerous to her.

St Thomas Orphanage
The children had fun at their VBS. They need 15 new benches at a cost of $60 per bench.

Anna Enoch Orphanage
We have embarked on a small dorm for the boys. It was our poultry barn that could not continue due to lack of funds to get the chicken and their feed. We are making it into a dorm for the boys who outnumber the girls. The school gate is under construction now.

We are grateful to God for our school fence. We have installed the front gate and the second one is in preparation. Thanks a lot for this help to us. Now our children will be secure on the Campus and the materials will be protected. I am sending you some pictures of it. We are also building a two room dorm for the boys. Its walls are going up now.

The kids are all fine. They have gone to school this morning. Keep up your prayers for us and our kids. God bless you all in the name of Jesus Christ.

Uday in India

In the month of April we the preachers, co-workers, family members and congregation members celebrated Good Friday and Resurrection Day (Easter Sunday) in a sacred manner.

Nearly 5 thousand people gathered in our total congregations during Easter Sunday. Most of the Hindu people and Muslim people also joined with us especially on Easter Sunday. This was a very happy thing to happen. But unfortunately our Brothers, Sisters and Children died for Jesus in Sri Lankan incident. We mourned in front of the Lord and prayed for them. God give their souls rest in peace. God console their family members.

This summer we are planning to conduct VBS in different locations throughout our congregations. In this summer children have 60 days of vacation so we are planning to make a successful event. I am requesting you please pray for us. Our GLA orphanage children are good. They wrote their annual examination successfully.

In April month we the preachers and co-workers visited 55 houses and 18 villages and spread the Word of God. 12 people accepted Jesus Christ ,but unfortunately water is not available so we are waiting for the rain to fill the water in canals. Here we are facing a lot of water scarcity, even drinking water also not sufficiently available. We are buying 25 litre water bottles at 20 rupees each. We need to build Baptism tanks at church premises. I am requesting you please pray us and pray for 12 people those who accepted Jesus Christ as their personal Lord and Savior.

My wife and I are suffering with knee pains (arthritis). My wife, Sujatha, is suffering with neck pain and back pain. I am requesting you please pray for our health. My mother-in-law, Dhanamma, is suffering with thyroid. I am requesting you please pray for her.

Our preachers Baburao and Luka are affected with sunstroke and I am requesting you please pray for them.

Here Parliament and Assembly elections conducted in a peaceful way. I am requesting you please pray for our Nation to elect good leaders those who will show support for Christians.
I am so thankful to each and everyone of those who are sending their valuable support for our Ministry. I am so thankful for them. We are all praying for them. God Bless your families abundantly.
