Bibles For India

Yesterday my co preacher and I went to Mallisale Village and Agence Field, they are Hindus living in this area and they asked for Word of God Bibles Immediately I go to that place and I conduct a meeting with masks. Children were also attending. After the meeting we distributed Bibles with your support. Thank you very much for your help with Bibles. We need more Bibles for needy people and Hindu people.

I started Bible distribution to needy people. They are very excited to receive Bibles. They are learning how to read from Bibles.

We are praying for your family and White Fields. Please pray for my family and school children and orphan children in Jesus name. In Christian Love. Bro Suman Singh preacher India.

Children's Ministry

Promise Land Kids
We finished the school year last week I took my straight A kids to the beach. I thought I would share some pictures with you
Jean St Juste

Jesus Loves Me Home
We finally finished our last school year. They will return to school on November 9. Thank very much for all money you send for school for the children. I ask for God to bless you and all the supporters.
Prospere Delphin

CHRISTMAS IN HAITI

It's that time of year again. I'm late in announcing that we will once again be collecting money for Jesus Loves Me Home, Mark's House, and Promise Land Kids. The money collected will be used to purchase group toys and games, kitchen utensils, clothes, bedding, etc.

This is a big project for us every year and it makes the kids so happy! The kids feel extra loved and they know they have a family! Please help if you can!

EK in India

Happy to inform you that a young lady obeyed in baptism and her name is Nancy Kanimozh. When she was 3 years old she lost her dad. Her young Mom purchased fish from the seashore and sold them in the fish market and fed her and gave her an education. Her Mom Stella obeyed the Gospel and took baptism in the year of 2005. She brought her only daughter in the Godly way. Today she obeyed in the baptism.

Please pray for Nancy and her Mom Stella to continue in the faith and grow more in the grace of God. Please pray for Nancy to have bright future and find a job in the IT company.

Also happy to inform you that one couple obeyed the Gospel and taken baptism and a Dad and two daughters obeyed in the baptism.

Blessing in Cuba From Tami

Today we had a different kind of worship service. God used Pastor Samuel's older daughter to teach us about worship and she told her testimony. She was born with a problem in her vocal chords and she couldn't talk as a girl, only to her family because her hoarse voice was well known to them. She wanted to be a worship singer for God with all her heart. So one night at service a preacher prayed for her. A big surprise to herself and others at 11 years old she began to sing for the Lord and right now she is worship leader in her Church. For the Glory of God.

Her name is Betsaida. She is 20 years old or less.

Here she is teaching that worshiping is a every day thing not only about songs. But to serve God. "When you come to the House of the Lord and you say to the Pastor, what can I do to help you today. How can I serve? What can I do? I want to be in communion with God all time. I don't know if this has happened to you. Sometimes you come to the House of the Lord and you leave an amount of situations in home. And when you come back... All is settled and fine. God is always working in our favor. But it's also a matter of attitude from your side" …

She also taught how all atmosphere in a place change with worship... And that is also important to be able to allow God to change our way of worshiping Him as He wants.

Udaya Kumar In India

Daniel: I am 70 years old and at the age of 24 I believed Jesus Christ and decided to do Lord's service. Basically, we are belonging to Weaver's community. At that time only downtrodden people accepted Jesus Christ. My community of people abandoned me. But I am still following Jesus Christ. I have 4 sons and two daughters. During this lockdown we faced a lot of problems and struggled for food and daily needs. In addition, my youngest son Murali got a heart attack. Doctors told us that two blockages are there in his heart and immediately need to put two stint ins within a day. At that time, I don't know what to do, so I cried out and knelt in front of Our Jesus and prayed. God listened to our prayers and our congregation and government helped us and brother Uday also helped us. Surgery was done successfully. Now he is fine through your prayers. We are all so thankful to you for your sincere prayers about us. All Glory to Lord Jesus Christ. I am requesting you please pray for us.

Karunakar: I am having 4 congregations in my area. But due to the coronavirus, all congregations were closed. I collected phone numbers and followed up every week through the prayers by phone call. We also faced so many problems during this pandemic situation. I have one son, one daughter with son-in-law, daughter-in-law and grandchildren. This was a great trial for us. My son got infected and lost his taste and smell, had high fever, cough and cold with body pains. But we didn't go to the hospital. We were in full of faith and we read Psalm 128. We applied holy oil and took blessed water, hymns and prayers. After two days, he got completely cured from this deadly virus. God gave him good health. Now he is perfectly alright. During this pandemic situation no one can meet anyone. So, I sent my bank account number to brother Uday as a message and he deposited money and supported for my family members. I am so thankful for all your prayers. I am requesting you please pray for us. All Glory to Lord Jesus Christ.

Santhavardhan: I have a wife and two daughters. I am serving in two congregations. During the lockdown, we the family members faced a lot of financial problems to survive. Every day we read Psalms 23 and got strength through the Word of God. Politicians, government, some organizations, and Brother Uday helped me during this pandemic situation. I am so thankful to you for your prayers. We are all praying for you. I am requesting you please pray for us.

Babu Rao: During this lockdown period my wife lost vision on both her eyes due to cataracts (Glaucoma). Brother Uday helped me financially to have her surgery. I also got infected with diabetes, after that I had high fever, cough and cold with body pains. I am requesting you please pray for us. We are all praying for you sister.

David Paul: We the family members are in great trouble due to this pandemic situation. My wife, children and I suffered with continuous fever, body pains, joint pains, and loss of senses. We were in home isolation up to one month. We prayed to God with full of tears. Our Almighty Lord Jesus Christ healed us and gave us health and strength. Last week my wife was bitten by a dog. Brother Udaya Kumar supported us through his prayers and financial support. I am so thankful to you and your prayers. We are all praying for you.

I am so thankful to each and everyone those who are praying for us. We are also praying for you.

Roland McGill in Liberia, Africa

I greet you with the love of God and the sweet fellowship of the Holy Spirit, hope you and the family doing well and in good spirit.

The Lord has been truly good to us; our church family is doing well in terms of health under His grace and mercy despite the pandemic, we have now resumed church meetings three times a week; they include our regular Sunday School and worship services, Wednesday's midweek meetings/services and Friday's prayer meetings.

Our church is currently planning/making preparations for an indoor {end of the year} revival which aim is to serve as "a reawakening call to true Christian devotion and zeal for the Lord in the mist of the pandemic" Please pray with us in this direction; that the Lord will lead as many to come and open their hearts to receive His implanted word with genuine convictions and conversions.

As I mention in my previous communication regarding the Covid-19 situation in Liberia by God's grace the infection rate have been relatively very low and things have continued to improved gradually, notwithstanding we continue to pray for God's intervention for a cure/vaccine so that this terrible nightmare becomes history.

Please send my regard to our sponsors/supporters;
Please know that you are always in our hearts and we will continue to offer prayers for His protection/ covering over your lives and families always.

Prayer request:
We are soliciting your prayers in the following:

For a favorable and mutual memorandum of understanding between the church and the property owners (the current lease agreement will expire in the next 16 months from now) we will be writing the family officially expressing in advance our interest in renewing or securing a new lease agreement.

Next and most important is the funding needed for the lease of the property.
Our church income is so low due to the fact that 98% percent of our membership are unemployed (Liberia has a terrible record on high poverty, unemployment and illiteracy rate).

ICOM

ICOM will be held November 20 & 21. All exhibits and workshops will be virtual this year. Please got to www.theicom.org for details.

Udaya Kumar In India

PRAISE THE LORD

Greetings in the name of Our Lord Jesus Christ. Here we are all safe by Our Almighty Lord. We are all praying for you and thank you so much for your prayers.

I hope your all doing well. Here we are also fine by the Grace of Almighty Jesus Christ. But one of our preachers, Luke Kumar, his son-in-law Ramesh died due to the coronavirus. Last month he was infected with the virus and admitted in the hospital. He waited too long to go to the hospital, so his lungs were damaged badly and day by day his condition became worse and finally, we lost him. We are all in shock and Luke Kumar's daughter, she is very depressed, and she is also infected with the virus and in the hospital. I am requesting you please pray for this family.

My wife is also got infected and my daughter and I got severe fevers. We are in home isolation and took medicine. By the Grace of Our Lord Jesus we got complete cure from this deadly virus. I am requesting you please pray for us too.

This month I visited the 10th Mile Christian Church and delivered God's message and prayed for the church members. Only a few people attended because of the coronavirus. This church building's roof was damaged very badly due to heavy rains. Even though the church service is continuing, and we are all praying to reconstruct the church building roof. I am requesting you please pray for this church building.

Now in India the virus is becoming extremely dangerous and we reached second place in the world. Everyone is fearing this evil virus. We the preachers and co-workers are very much suffering. I am requesting you please pray for us. We are all praying for you. God will give you good health and strength. We are all praying for all our supporters and prayer warriors. Thank you so much for your love and prayers.

Especially during this pandemic situation a lakh (one hundred thousand) of people have become infected, thousands of people have died, and someone has lost their mother, father, brother, grandfather, grandmother, grandson, granddaughter, other relatives, friends, and neighbours. This is not particular to one state, one nation, or one continent, but entire the world has been infected. The media and social media collaterally telecast the updated news with series of shows regarding Covid-19 virus. This reflects on people going through the pandemic and searching for God (who is the real God and who is true and who is effective and passionate to the people). Most of the people are not showing interest to worship idols. Especially the people seeking Jesus, they do not want to convert, but they want to learn more things regarding the miracle of Jesus and the Bible. Many people called me by phone and asking to get a Holy Bible for them. The entire nation is on lockdown, so people leisure and sufficient time to read Books. So, most of the people want to read and the Bible. But we have big shortage of Holy Bibles. This is the right time to distribute the Bibles to the people to know more about Jesus. Please pray for this.

This month I conducted a preachers meeting and preached the Word of God from Hebrews 13:5-8 to the preachers. Only a few people attended due to the virus. I insisted that those who are in sound health only come and attend to the meeting. Here I am writing you their feelings/sorrows/worries and how God answered/replied/comforted their prayers during the lockdown period.

Udaya Kumar In India

Sudhakar: I have a wife and one son and one daughter. Both are studying far away from my native place. They live in a hostel and with the lockdown my children were stuck in the hostel. No transportation, no proper food, and no help, I prayed to the Lord and read Ezra 7:28. I got hope after reading God's Word. God listened to our prayers and they came to home by motor bike. After that, my wife and two children were infected with the coronavirus and they isolated at home. I served them by giving food, medicine, hot water, and steam every 3 hours. We prayed to our Lord to heal and cure completely. Two people died in my street due to the virus, we were scared but after continuous prayers Our Lord Jesus Christ healed them completely. Now, we are all safe. All Glory to Lord Jesus Christ.

Yesu Dass: On March 22, 2020 we had complete lockdown and all churches were closed. No offerings from the church members. But our brother, Udaya Kumar, helped us by providing financial support. August 10th and forward I got continuous fever; the fever only comes in night times. I went to the hospital, but doctors did not check/diagnose me because I am having a fever, and nobody helped me to check and give treatment because they were afraid. I cried out and prayed to God and after that I got an idea. I had one relative who worked in a pharmacy and I approached and asked him to do blood test and give me medicine. He accepted and did all the tests. The results showed that I had typhoid fever. I asked him to give me medicine and he gave me suitable medicine. After taking the medicine I am completely cured. After my recovery, my wife and my daughter got infected. We read Psalms 91 and prayed to the Lord. Miraculously after one week they were completely healed. Now we are all fine. I am so happy and thankful for that, after my daughter recovery, she got married to a member of our church. All glory to Lord Jesus Christ.

Aadamu: On 20th of April I got severe chest pain and visited a local doctor. He told me it is a kind of gastritis. He gave me medicine for gastritis, blood pressure, and diabetes. I took medicine and the pain did not reduce, it increased. My wife and son took me by ambulance and went to a big hospital. Doctors examined me by taking ECG, blood tests, etc. They told me that I had two blockages in my heart and immediately you must do surgery and need to insert two stints in your heart. We panicked, cried out and prayed. After that the government gave me money to do the surgery and brother Uday also helped me. Successful surgery went well and I was discharged from the hospital and went home. After that my son got the coronavirus, later my wife, daughter, son-in-law, and grandchildren also became infected, except for me. I was totally upset and afraid a lot, and after I also became infected. After that I took my bible and read the Word of God, Job 42, and got faith on Him. I take care of all of them and served them. By God's Grace we all are cured. All Glory to Lord Jesus Christ.

John:
I have a wife and two daughters. My oldest daughter got married and she had a son. During this lockdown period we the family members faced a lot of problems. Church members stopped giving support and it was difficult to fulfil our daily needs and we had very little food. We are living under tin sheets that cover our house roof. And this summer, we got overheated due to the hot sun. We the family members all felt sick due to sunstroke. Beside my house one family had a lemon tree and they helped us by giving us lemons. By taking lemon juice we got some relief from the overheating. Brother Udaya Kumar also helped me a lot. I am so thankful for that. We are all praying for you. God helped us in many ways, some of the politicians, government people, some of the voluntary organization people, and some of our church members helped us by giving us rice and groceries. All glory to Lord Jesus Christ.
