What God Has Done in 2021

Roland McGill continued
I would like to again acknowledge the financial donation from generous Christians through White Fields that help us put up this church building structure; our church family is so happy and very grateful to God for you, may God bless and reward your generosity in His service.

I also like to thank my supporters for their continue monthly financial support toward me and my family, you are a great source help for me and family considering the terrible economic condition we face in our nation, the cost of living is so high, no jobs, many of us relies on daily hires/pity business to earn our living along with the family.

PRAYER REQUEST
Our main prayer request and focus right now is renewing the lease agreement with the Browne's family (for the place/building where the church currently worship) our current lease term ends next month January 2021. We still haven't been able to have a proper meeting with the Browne's family due to their ongoing family division and this is making this much complicated for the church to be able to determine our status or the cost and term of the next lease agreement, we are awaiting to hear from them next month January.
Please pray with us for a favorable outcome for the church, we have invested so much on this property and leaving abruptly would be very inconvenient for the church "we are in a desperate position".
Once again I extend best of compliments to you all and I pray to see everyone arrive safely in 2022 by the grace of our Lord and Savior Jesus Christ … Amen.

Aaron Whisnant, Liberia
I'm taking this opportunity to say hallelujah for the year 2021. It was great year of work; in which we had total of 6 major projects fully funded: 1. Global Church building project on going. 2.Virginia Church building project 96% complete (need plastering outside,$500) 3. Van for mission work was purchased 4. Victory Church's building project needs ($1000) to complete 5. Lyln Church building project expected to start next month due to lack of road, (situated in an island). 6. Instruments to replace those stolen from the Triumph Church. I give God the glory for those achievement during 2021, and thanks to those who stood with us in prayer during these great works for the Kingdom of God. As scriptures said, only God can reward you, your work. It's my prayers that God will give you strengths, and financial abilities to enable you continue in supporting the work of God. Pray requests: I have started a cell group in the Dexiville Community. Please pray with us for workers. Elder Sumo is doing pretty good in Sierra Leone with the church there, remember him in your prayers. Our preachers need your prayers for support. Thanks so much for all efforts to get the mission this far. God bless you all.

Super Typhoon Hits the Philippines

Rey & Cheery Abesio need your help!

Cheery sent this:
Hi Sis Lori, I have bad news from Philippines! Last Dec.16 we experience a very bad typhoon. Our house is damaged, hit by big tree and also our roof is damaged. We have no electricity and no water, all of the Filipinos are in panic buying the foods, but our family we just pray.

This early morning we went to Olango Island to have a worship service, but sad to say no bus going there because all our streets, electric post, all the trees are collapsed. We couldn't go by bus, so we brought our old motorbike. Our work is very challenging. The port going to Olange is totally damaged. We had to walk thru the ocean to be able to get on the boat. We were half way wet. When we arrived on island I saw all the houses are totally damaged. Our house church where we can have a worship service is damage also. All our church members, their houses are totally damaged. No electric , no water, and no food to eat. I cried, my heart is aching, I can't breath. Calituban Church I need to visit also. I hope our church is okay, but our Calituban Church is near the sea. I here the news in Calituban, there are so many missing people. I have no news from them, because no connection of internet. We need your prayers and help! I don't know what to do. Please help us to pray, that we can survive our situation.

Please help if you can!

Rolando Durante, Cuba
Annual report 2021 of the Christian Church in Habana del Este. During this year, because of the pandemic and in order to keep the services going, we had to take precautions. In the first months we divided the congregation in 4 groups with at least one elder serving in each one. We had groups of less members to avoid the possibility of infection. Each group had complete services, including the Lord Supper, preaching the Gospel, etc. In April we began to meet in our living room, because we received the visit of the governmental authorities to warn the possibility of a big ticket because of the church meetings. In October we meet outside again in the back yard as always. We reinstated the service with the complete congregation, and we continued the study of the Book of Acts. By other hand, because the general scarcity, the members shared medicines and food with the members in need of those things, similar as the primitive church did. In the social media, our church have a group app where the members interchange information and greetings. And in other applications like Facebook, some members have interchange and explanations about Biblical topics with persons who ask questions. We have good cooperation with the denominational evangelic churches in this town and we help each other according to the possibilities of each one. In the last Sunday, the preacher Luis Carrasco of Granma, is meeting with us and serving in preaching. We are preparing the celebration of Christmas with great joy after 2 years of suspension. And we are preparing the conditions to start a systematic Bible studies with our congregation as well as Luis Carrasco will do with the church he ministers in Granma, Be blessed. Rolando.

Roland McGill, Liberia
I bring you Greetings and best of compliments from all of us (Global Fellowship church family) in Liberia, it is my hope and prayer that everyone is in good health and safe.

I like to begin with praise to the Almighty God for His sustaining grace and mercy that has enable us to reach this far; indeed our God is great and truly faithful.

The year 2021 in retrospect was indeed a year of breakthrough and gains for our church family, we indeed give all the glory to God for answering prayers and opening doors, our church family remain very grateful and appreciate all the financial supports/donations coming from generous Christian's families, Church family or individual supporters through White Fields Overseas Evangelism towards our preacher and family monthly welfare and our church building construction in the Brewerville township outside of Monrovia.

I like to personally thank everyone for your prayers and concerns for me during my illness when I had to go through surgery and I am grateful to God that my health condition has improved and I am gradually resuming my regular church commitments.

All regular church activities including the observance of the Lord's Supper, teaching/preaching, Adult Sunday Schools, our weekly Bible studies & prayer meetings were constant during the year under review.

By the grace of God there have been no Covid related cases within our church membership neither within our families; sadly we had one death within our membership, an elderly woman.

By the grace of God our church building project is expected to kickoff next month January with the roofing of the building and subsequently the zincs

TO GOD BE ALL THE GLORY!
(ANNUAL REPORT FOR 2021)
Dear Ma'am Lori Darnell (Director of the White Fields Overseas Evangelism),
Greetings to you in the precious name of our Lord and Savior Jesus Christ.
Praise Points:-

Praise God for New SUV for the orphanage

We thank and praise God for His manifold blessings in our ministry during the year of 2021. We have 24 poor and orphan boys in the orphanage. We had a motorbike which was the only means of transportation for several years. We were facing so much difficulty to reach different places for the ministry. The boys were facing so much difficulty to go to school and college by walk. They were walking several miles for their school and college. We were praying for a vehicle since long years. God heard our prayer and provided a new SUV through the Shepherd's purse and the donors. Now we have a good transportation facility for the ministry and the boys. We thank God and Shepherd's purse and the donors for this.

Praise God for the new Bedding for the orphanage boys

The boys were in need of new bedding since their old beddings were worn out. We were praying for this. God provided the new bedding for our orphanage boys. Now it's comfortable for the boys use.

Praise God for a new Printer

We were need of a Xerox machine. We had been going to get print and copies to the town. We were praying for this since 13 years and God provided it in His time and now we have been using it for His glory.

Praise God for the financial support for our cultivation (Corn and rice paddy)

We were in so much need for our cultivation (corn and rice paddy). We had no hope to do it due to financial crisis. Thank God that He miraculously provided the needs so were able to cultivate in 2021 and it's a blessings for our family and the orphanage.

Oscar Cottom, Antigua
Dearly beloved brethren, we greet you from this beautiful Island Antigua. First of all we want to say thanks to all who are supporting us in prayer and financially.

Brethren, world over every nation is crying out about the viruses that is plaguing the world..
Here in Antigua we have been hit hard, mainly because our main source of income is tourism.(More ships more money. No ships no money.)

On the spiritual side. The Lord said He will build his Church and the gates of hell shall not prevail against it. All the Churches have taken a blow here, Some of them are still standing other are closed for good. Many of the small churches have joined the bigger ones.

My wife and I are so grateful to Almighty God who has protected us from the viruses .We remember the old song, How great thou art. We can never stop praising Him.
OUR NEEDS

As humans we are born with a lot of needs, as we get older our needs have increased.

Our main need is more FINANCIAL SUPPORT. This may be a hard thing at this time, but with God all things are possible. Many times I do not have enough money to purchase gas for my car.

We also need chairs the padded ones, they don't have to be new, but good condition. We need sixty of those any color will do. We have old plastic chairs and every now and then somebody will brake one and fall hurting themselves. We are appealing to any Church or church groups to take this need on and help us.

We are really in a desperate situation here. Our attendance has dropped significantly, many are afraid to attend church. This has affected our financial input, and because of that we can only pay our utilities.

We trust that someone will read this report and help us please. They are lots of needs that is bigger that what we have mentioned. May Almighty God speak to some heart to act accordingly as God's spirit moves.

Jose Luis Carrasco, Cuba
Report of Jose Luis Carrasco, preacher in La Colonia, Bayamo, province Granma. What God Has Done in 2021

Suman Singh, India
As another year comes to a close, I just want to thank God and our sponsors and White Fields Overseas Evangelism family for all He has done for me, my family and the brethren in this pandemic times. God has been good to us all the time and amidst this pandemic. Thank you all for your prayers on our behalf Church of Christ Rajahmundry Andhra Pradesh India.

Churches were closed for a few months due to lockdown this year. We have been able to meet for Sunday worship and other Church services following Covid appropriate behavior. House prayer meetings are held at Church members' house every Thursday. I conduct gospel meetings at various villages. Sunday attendance is gradually increasing.

I visit our fellow Preachers of the gospel and encourage them in the Lord on a regular basis. Our preachers and their families are good. They still face financial crises caused by the pandemic and lockdown. They didn't have income from Congregations in this current crisis. We conduct preachers' meeting once every two months.

Daily wage earners and others lost their work due to quarantine and lockdown. They are trying to get to work gradually. All our members are poor and lower middle class. I visit their homes, encourage them and pray for them on a regular basis.

Our school was reopened. Children attend school regularly and their attendance is increasing gradually. I found it very hard to pay school rental during lockdown period. I still face financial challenges to run the school. I pray and plan to resume orphan home for orphan and needy children. I simply trust God with the financial needs of this ministry.

Five of our preachers and I went to a hill country area recently. We went on foot two miles and reached tribal village. It's a dangerous place, wild animals live in surrounding forest. There are no roads for transportation. We sang songs and preached the gospel of salvation. We talked to them personally about Jesus' love and prayed for their needs. They requested us for Bibles. We have a requirement for Holy Bibles. There is a need of hymn books for our Congregations. I request you please pray for tribal people who live in hill country area. They worship stone idols and spirits.

I extend sincere thanks and deep gratitude for your continued prayers and support for our work of preaching the gospel and winning lost souls. I send love and respect to you all.

I am much thanks to our sponsors and White Fields Overseas Evangelism and our Director Lori.

Please pray for my Lord works and my family and our school children's and orphan children and church members. Amen.
